PARENT RESOURCE CENTER

**Parent Center Location: Title I Lab, hours 7:15-3:15 Monday - Friday.
Pave the way to academic success--check out our reading/math activities!**

PRINCIPAL'S CORNER

As the season of autumn approaches and the weather begins to cool, we all feel a sense of "settling in" of our students and school procedures. This is also the season of Parent/Teacher conferences. We consider this time extremely important to the path of success for all of our students. Conferences provide that collaboration of working together strategically to benefit the child. By this time, assessments have taken place and teachers have had an opportunity to get to know your child better. Thank you for your support and continued interest in our school. This is essential to your child's positive school experiences.

Sincerely,
Jade Bolton

DAILY ROUTINES LEAD TO SCHOOL SUCCESS

Children thrive on routines. The beginning of the school year is an opportunity for routines to make a big difference in your child's school success. A regular schedule such as going to sleep, waking up and studying at the same time each day makes all the tasks easier and results in fewer power struggles. More importantly, it leads to self-discipline and sets a standard for daily learning.

FAMILY MEALS ALLOW FOR MEANINGFUL TALKS

Does your family eat dinner together most nights? Many families don't. Yet sharing meals can involve sharing a lot more. What a wonderful opportunity to talk about school! You can learn about your child's successes and struggles in academics and behavior. Showing an interest sends a clear message about how much your family values education and that you are there to help if needed. Families are busy. So if necessary, schedule mealtimes on your calendar. And if dinner doesn't work, try breakfast.
