MEET OUR AFTER SCHOOL PROGRAM SITE MANAGER

Hello NFE Dolphins! My name is Terri Lincoln. I am your After School Program (ASP) Site Manager. I have worked in After School since 2008 and have been the Site Manager here at NFE since 2011.

I am originally from Virginia and worked in State Government there. We moved to Georgia after getting married in 2007. My husband teases me that he changed me from a Virginia ham to a Georgia peach. I love living and working here and enjoy serving and getting to know the families, faculty and staff at our school. I manage an awesome team of employees and owe the success of our program to their support, dedication, hard work and love of our students.

Our After School Program is growing.

However, we still have room for your child! We realize how important after school care is for parents. We provide a safe nurturing and fun environment for K-5th grade students. Optimum care for a reasonable cost right here at our school, what more could any parent ask for? Please stop by our office, call 770-461-5430, or email lincoln.terri@mail.fcboe.org. You can also check out our After

School link on the NFE website for more information. We look forward to your family becoming a part of our after school family!

Children Who Volunteer Learn More

Children learn important lessons when families volunteer together. They learn about kindness. They see citizenship in action. They learn people are more alike than different. Children who volunteer regularly are more likely to get better grades in school. They know more about future careers than those who don't volunteer.

To get your whole family volunteering:

- **Decide** on volunteer projects as a family.
- **Start small.** Try some one-time projects at first.
- **Look for projects** that let kids do something real.
- **Talk about what you do** and see. Be sure to praise your child for the things she did. "I was so proud of you when you carried the tray for that mother. She needed a hand!"

Are You Teaching Your Child To Be a Good Citizen?

Citizens in a democracy have rights and responsibilities. Understanding them will help your child be a good citizen at home and at school, too. Are you helping your child understand what citizenship means?

Answer yes or no to the questions below:

- ___ 1. **Do you talk** with your child about rights and responsibilities? All rights come with responsibilities attached.
- ___ 2. **Do you watch** the news together and talk about what you see?
- ___ 3. **Do you volunteer** with your child in your community?
- ___ 4. **Do you find ways** for your child to watch government at work, either in person or by watching on TV?
- ___ 5. **Do you share** news stories with your child about people who are good citizens?

How well are you doing? More yes answers mean you are helping your child become a good citizen. For each no answer, try that idea from the quiz.
