

Parent Portal Information

<https://campus.fcboe.org/campus/portal/fayette.jsp>

The Student/Parent portal in Infinite Campus allows the teachers a real-time communication with parents. As teachers create assignments and enter grades, that information is also available to parents. Other information in the Portal includes Attendance, Fees, Schedules and Transportation Information.

Portal Desktop

The portal desktop is accessible when you first login to the portal and also by clicking your name in the upper left corner of the website. Information available on this page includes:

- District Notices** – a notice posted to all parents and students in the district
- School Notices** – a notice posted by a particular school to parents and students at that school
- Inbox** – messages and newsletters processed by school staff or teachers

Family

The **Family** link in the **Index** displays demographic information for yourself and the students in the Household. Other adults in the household are not displayed as each person can be setup with their own portal account. If any information other than your email address is not correct, please notify your school to have the data updated in Infinite Campus. If your email address is incorrect, it can be changed, along with your contact preferences, in **Change Contact Info**.

Family > Calendar

The **Family Calendar** displays attendance and gradebook events for all students in the household. A calendar displayed for each student is also available under the Student Name.

Student > Calendar

The **Student Calendar** displays attendance and gradebook events for the selected student. A calendar displayed for all students is also available under the Family > Calendar.

Student > Schedule and Gradebook (Grades 04-12)

The **Student Schedule** displays the current schedule for the selected student. The schedule also contains a link to the Teacher email address and individual gradebook information for each class. Click on the **Class Name** to view the gradebook. Teachers may also add information on assignments that is available by clicking on the Assignment Name in the gradebook. For items in the **To Do List** that are **Past Due**, check the Assignment details to see if the teacher has posted a comment about when the grade will be posted.

Student > Attendance

The **Student Attendance** displays attendance for the current school and year for the selected student.

Student > Assessment

The **Student Assessment** displays test scores for the current school and year for the selected student.

Student > Transportation

The **Student Transportation** displays transportation data for the current school and year for the selected student.

Student > Fees

The **Student Fees** displays fees accumulated for the selected student. Schools are not required to use this area, but many will maintain this information in Infinite Campus.
