

Comprehensive Needs Assessment 2022 - 2023 School Report

Fayette County Whitewater Middle School

1. PLANNING AND PREPARATION

1.1 Identification of Team

The comprehensive needs assessment team consists of people who are responsible for working collaboratively throughout the needs assessment process. Ideal team members possess knowledge of programs, the capacity to plan and implement the needs assessment, and the ability to ensure stakeholder involvement. A required team member's name may be duplicated when multiple roles are performed by the same person. Documentation of team member involvement must be maintained by the LEA. Watch the <u>Planning and Preparation webinar</u> for additional information and guidance.

Leadership Team

	Position/Role	Name
Team Member # 1	Principal	Brian Butera
Team Member # 2	Assistant Principal	Kimberly Broome
Team Member # 3	Assistant Principal	Stephanie Washington
Team Member # 4	Math Co-CCP	Julie Patrick
Team Member # 5	Math Co-CCP	Kay Young
Team Member # 6	English CCP	Marianne Healy
Team Member # 7	Science CCP	Kathy Morrison

Additional Leadership Team

	Position/Role	Name
Team Member # 1	Social Studies CCP	Heather Carroll
Team Member # 2	Gifted CCP	Sheri Spurlock
Team Member # 3	Media Specialist	Kathryn Thaxton
Team Member # 4	ECS Lead Teacher	Annette Fuller
Team Member # 5		
Team Member # 6		
Team Member # 7		
Team Member # 8		
Team Member # 9		
Team Member # 10		

1. PLANNING AND PREPARATION

1.2 Identification of Stakeholders

Stakeholders are those individuals with valuable experiences and perspective who will provide the team with important input, feedback, and guidance. Required stakeholders must be engaged in the process to meet the requirements of participating federal programs. Documentation of stakeholder involvement must be maintained by the LEA. Watch the <u>Planning and Preparation</u> webinar for additional information and guidance.

Stakeholders

	Position/Role	Name
Stakeholder # 1	Parent	Rebecca Stone
Stakeholder # 2		
Stakeholder # 3		
Stakeholder # 4		
Stakeholder # 5		
Stakeholder # 6		
Stakeholder # 7		
Stakeholder # 8		

How will the team ensure that stakeholders,	Parents have an opportunity to provide feedback in a variety of ways. For
and in particular parents and/or guardians,	example, parents provide feedback through the Georgia Health Survey, School
were able to provide meaningful input into	Council, PTO, and school surveys.
the needs assessment process?	

2. DATA COLLECTION ANALYSIS

2.1 Coherent Instructional System

Analyze the LEA's data (including sections 2.6) and answer the guiding questions to determine existing trends and patterns that support the identification of instructional needs. Complete a data-informed self-rating for each Georgia School Performance Standard (GSPS). See the <u>Coherent Instructional System webinar</u> for additional information and guidance.

Curriculum Standard 1 -Uses systematic, collaborative planning processes so that teachers share an understanding of expectations for standards, curriculum, assessment, and instruction		
1. Exemplary	A systematic, collaborative process is used proactively for curriculum planning.	
	Nearly all teachers or groups of teachers, support staff, and leaders within the school have common expectations for standards, curriculum, assessment, and instruction.	
2. Operational	A systematic, collaborative process is used regularly for curriculum planning.	√
	Most teachers or groups of teachers within the school have common expectations for standards, curriculum, assessment, and instruction.	
3. Emerging	A collaborative process is used occasionally for curriculum planning.	
	Some teachers or groups of teachers within the school have common expectations for standards, curriculum, assessment, and instruction.	
4. Not Evident	A collaborative process is rarely, if ever, used for curriculum planning.	
	Few, if any, teachers or groups of teachers within the school have common expectations for standards, curriculum, assessment, and instruction.	

Curriculum Standar standards	m rd~2~ -Designs curriculum documents and aligns resources with the intended rigor of the requ	uired
1. Exemplary	Curriculum documents (e.g., lesson plans, unit plans, performance tasks, curriculum maps, scope, and sequence documents, guides) that are aligned with the intended rigor of the required standards are the products of a systematic, collaborative process. These curriculum documents and resources are used and continuously revised by teachers and support staff to ensure an alignment with the intended, taught, and tested standards.	
2. Operational	Curriculum documents (e.g., lesson plans, unit plans, performance tasks, curriculum maps, scope and sequence documents, guides) have been designed, and resources are aligned with the intended rigor of the required standards. These curriculum documents and resources guide the work of teachers and instructional support staff.	√
3. Emerging	Curriculum documents and resources exist, but they are not complete in all content areas or grade levels or lack the intended rigor of the required standards.	
4. Not Evident	Few, if any, curriculum documents and resources exist to support the implementation of the intended rigor of the required standards.	

Instruction Standard 1 - Provides a supportive and well -managed environment conducive to learning		
1. Exemplary	A supportive and well-managed environment conducive to learning is evident throughout the school.	V
	Students consistently stay on-task and take responsibility for their own actions.	
2. Operational	A supportive and well-managed environment conducive to learning is evident in most classrooms.	
3. Emerging	A supportive and well-managed environment conducive to learning is evident in some classrooms.	
4. Not Evident	A supportive and well-managed environment conducive to learning is evident in few, if any, classrooms.	

Instruction Standard 2 - Creates an academically challenging learning environment		
1. Exemplary	Nearly all teachers create an academically challenging, learning environment (e.g., higher-order thinking skills and processes, active student engagement, relevance, collaboration). Students consistently work independently and in teams to solve real-world problems that require advanced effort, decision-making, and critical and creative thinking.	
2. Operational	Most teachers create an academically challenging, learning environment (e.g., higher-order thinking skills and processes, active student engagement, relevance, collaboration).	~
3. Emerging	Some teachers create an academically challenging learning environment.	
4. Not Evident	Few, if any, teachers create an academically challenging learning environment.	

Instruction Standard 3 -Establishes and communicates clear learning targets and success criteria aligned to curric standards		
1. Exemplary	Nearly all teachers establish and communicate clear learning targets and success criteria aligned to the required curriculum standards. Learning targets are evident throughout the lesson and in student work. Articulation of the learning targets is consistent and pervasive among like content areas and grade levels.	
2. Operational	Most teachers establish and communicate clear learning targets and success criteria aligned to the required curriculum standards. Learning targets are evident throughout the lesson and in student work.	
3. Emerging	Some teachers establish and communicate clear learning targets and success criteria aligned to the required curriculum standards.	~
4. Not Evident	Few, if any teachers establish clear learning targets and success criteria aligned to the required curriculum standards.	

Instruction Standard 4 - Uses research based instructional practices that positively impact student learning		
1. Exemplary	Nearly all teachers pervasively demonstrate a repertoire of highly effective, research-based instructional practices that positively impact student learning (e.g., providing feedback, cooperative learning, advance organizers, questioning techniques, similarities and differences, reinforcing effort, goal setting, summarizers, graphic representations, reciprocal teaching).	
2. Operational	Most teachers demonstrate a repertoire of effective, research-based instructional practices that positively impact student learning (e.g., providing feedback, cooperative learning, advance organizers, questioning techniques, similarities and differences, reinforcing effort, goal setting, summarizers, graphic representations, reciprocal teaching).	~
3. Emerging	Some teachers demonstrate a repertoire of effective, research-based instructional practices that positively impact student learning.	
4. Not Evident	Few, if any, teachers demonstrate a repertoire of effective, research-based instructional practices that positively impact student learning.	

Instruction Standard 5 -Differentiates instruction to meet specific learning needs of students		
1. Exemplary	Nearly all teachers differentiate instruction (e.g., using flexible grouping, making adjustments, providing choices based upon readiness levels, interests, or needs) to meet the specific learning needs of students. Nearly all teachers plan and implement multiple means of representation, engagement, action, and expression to meet the learning needs of students (UDL). Remediation, enrichment, and acceleration are pervasive practices.	
2. Operational	Most teachers differentiate instruction (e.g., using flexible grouping, making adjustments, providing choices based upon readiness levels, interests, or needs) to meet the specific learning needs of students. Most teachers plan and implement multiple means of representation, engagement, action, and expression to meet the learning needs of students (UDL).	1
3. Emerging	Some teachers differentiate instruction to meet the specific learning needs of students.	
4. Not Evident	Few, if any, teachers differentiate instruction to meet the specific learning needs of students.	

Instruction Standard 6 - Uses appropriate, current technology to enhance learning		
1. Exemplary	The use by staff members and students of appropriate, current technology to enhance learning is an institutional practice (e.g., facilitate communication, collaboration, research, design, creativity, problem-solving).	~
2. Operational	Most staff members and students use appropriate, current technology to enhance learning (e.g., facilitate communication, collaboration, research, design, creativity, problem-solving).	
3. Emerging	Some staff members, students, or both use appropriate, current technology to enhance learning.	
4. Not Evident	Few, if any, teachers demonstrate a repertoire of effective, research-based instructional practices that positively impact student learning.	

Instruction Standard 7 - Provides feedback to students on their performance on the standards or learning targets		
1. Exemplary	Nearly all teachers use the language of the standards or learning targets to provide students with specific, timely, descriptive feedback on their performance.Nearly all teachers systematically elicit diagnostic information from individual	
	students regarding their understanding of the standards or learning targets.	
2. Operational	Most teachers use the language of the standards or learning targets to provide students with specific, timely, descriptive feedback on their performance.	\checkmark
3. Emerging	Some teachers use the language of the standards or learning targets to provide students with specific, descriptive feedback on their performance.	
4. Not Evident	Few, if any, teachers use the language of the standards or learning targets to provide students with feedback on their performance, or the feedback that is provided is not specific, timely, or understandable.	

Instruction Standard 8 -Establishes a learning environment that empowers students to actively monitor their own progre		
1. Exemplary	Nearly all students use tools (e.g., rubrics, checklists, exemplars) to actively monitor	
	their own progress.	
	Nearly all students develop a sense of personal responsibility and accountability by	
	engaging in record keeping, self-monitoring, sharing, exhibiting, and self-reflection.	
2. Operational	Most students use tools (e.g., rubrics, checklists, exemplars) to actively monitor their	√
	own progress.	
3. Emerging	Some students use tools to actively monitor their own progress.	
4. Not Evident	Few, if any, students use tools to actively monitor their own progress.	

Instruction Standard 9 - Provides timely, systematic, data - driven interventions		
1. Exemplary	Nearly all students are provided timely, systematic, data-driven interventions to support their learning needs. Interventions are designed to meet the needs of each student. The effectiveness of those interventions is consistently monitored and adjustments are made.	
2. Operational	Most students are provided timely, systematic, data-driven interventions to support their learning needs.	√
3. Emerging	Some students are provided extra assistance or needed support in a timely manner.	
4. Not Evident	Few, if any, students are provided extra assistance or effective support in a timely manner.	

Assessment Standard 1 - Aligns assessments with the required curriculum standards		
1. Exemplary	Nearly all assessments are aligned with the required curriculum standards.	
	Assessments are reviewed during the school year to ensure alignment.	
2. Operational	Most assessments are aligned with the required curriculum standards.	\checkmark
3. Emerging	Some assessments are aligned with the required curriculum standards.	
4. Not Evident	Few, if any, assessments are aligned with the required curriculum standards.	

Assessment Standard 3 -Uses common assessments aligned with the required standards to monitor student progress, info instruction, and improve teacher practices		
1. Exemplary	Teachers consistently use common assessments aligned with the required standards in nearly all content areas, grade levels, or both for diagnostic, summative, and formative purposes. The data from the common assessments are analyzed down to the item level, and the	
2 Operational	results are used to inform instruction and improve teacher practices.	
2. Operational	Teachers use common assessments aligned with the required standards in most content areas to monitor student progress, inform instruction, and improve teacher practices.	v
3. Emerging	Teachers use some common assessments aligned with the required standards in a few content areas with a limited amount of data analysis to monitor student progress, inform instruction, or improve teacher practices.	
4. Not Evident	Teachers use few, if any, common assessments to monitor student progress, inform instruction, or improve teacher practices.	

Assessment Standard 4 - Implements a process to collaboratively analyze assessment results to adjust instruction		
1. Exemplary	 Teachers extensively use a systematic, collaborative process to analyze assessment results. Instruction is consistently adjusted based on the analysis of assessment results across all content areas, grade levels, or both. 	
2. Operational	Teachers regularly use a collaborative process to analyze assessment results. Instruction is routinely adjusted based on the analysis of assessment results.	
3. Emerging	Teachers occasionally use a collaborative process to analyze assessment results.Instruction is sometimes adjusted based on the analysis of assessment results.	√
4. Not Evident	A collaborative process to analyze assessment results does not exist. Instruction is rarely, if ever, adjusted based on the analysis of assessment results.	

Assessment Standard 5 -Implements grading practices that provide an accurate indication of student progress on t required standards		
1. Exemplary	The grading practices used by teachers across nearly all content areas, grade levels, or both, consistently provide an accurate indication of student progress on the required standards.	
2. Operational	The grading practices used by teachers in most content areas, grade levels, or both provide an accurate indication of student progress on the required standards.	√
3. Emerging	The grading practices used by teachers in some content areas, grade levels, or both provide an accurate indication of student progress on the required standards.	
4. Not Evident	The grading practices used by teachers rarely, if ever, provide an accurate indication of student progress on the required standards.	

2. DATA COLLECTION ANALYSIS

2.2 Effective Leadership

Analyze the LEA's data (including sections 2.6) and answer the guiding questions to determine existing trends and patterns that support the identification of leadership needs. Complete a data-informed self-rating for each Georgia School Performance Standard (GSPS). See the Effective Leadership webinar for additional information and guidance.

Leadership Standard 1 -Builds and sustains relationships to foster the success of students and staff		
1. Exemplary	Administrators consistently build and sustain relationships to foster the success of students and staff. The school staff is fully engaged in relationship building through collaboration, internal and external communication, and building trust with staff, students, families, and community stakeholders.	~
2. Operational	Administrators regularly build and sustain relationships to foster the success of students and staff.	
3. Emerging	Administrators sometimes build relationships to foster the success of students and staff.	
4. Not Evident	Administrators seldom, if ever, build relationships to foster the success of students and staff.	

Leadership Standard 2 - Initiates and manages change to improve staff performance and student learning		
1. Exemplary	Administrators, the school leadership team, and other teacher leaders initiate and sustain change to improve staff performance and student learning.Administrators, the school leadership team, and other teacher leaders create a sense of	
	urgency for change and effectively communicate a common vision.	
2. Operational	 Administrators and the school leadership team initiate and sustain change to improve staff performance and student learning. The principal provides an appropriate balance of pressure and support to manage the change process for desired results. 	V
3. Emerging	Administrators initiate change to improve staff performance and student learning but do not sustain the change, remove barriers, or both.	
4. Not Evident	Administrators initiate few, if any, changes that impact staff performance and student learning.	

Leadership Standard 3 -Uses systems to ensure effective implementation of curriculum, assessment, instruction, and professional learning practices		
1. Exemplary	The principal and other school leaders continually use systems to ensure effective implementation of curriculum, assessment, instruction, and professional learning practices. The principal and other school leaders have a comprehensive knowledge and understanding of the best practices for curriculum, assessment, instruction, and professional learning.	
2. Operational	The principal and other school leaders often use systems to ensure effective implementation of curriculum, assessment, instruction, and professional learning practices.	~
3. Emerging	The principal and other school leaders occasionally use systems to ensure effective implementation of curriculum, assessment, instruction, and professional learning practices.	
4. Not Evident	The principal and other school leaders rarely, if ever, use systems to ensure effective implementation of curriculum, assessment, instruction, and professional learning practices.	

Leadership Standard 4 -Uses processes to systematically analyze data to improve student achievement		
1. Exemplary	Extensive, comprehensive processes, including root cause analysis, are used consistently to analyze data (e.g., multiple sources of data: classroom, grade level,	
	departmental, and subgroup, perception data) to improve student achievement.	
2. Operational	Numerous processes are used frequently to analyze data (e.g., multiple sources of data: classroom, grade level, departmental, and subgroup, perception data) to improve student achievement.	
3. Emerging	Some processes are in place and used occasionally to analyze data to improve student achievement.	√
4. Not Evident	Few, if any, processes are in place to analyze data to improve student achievement.	

Leadership Standard 5 -Builds leadership capacity through shared decision-making and problem-solving		
1. Exemplary	Extensive structures exist for staff to engage in shared decision-making and problem-solving and to build their leadership capacities. Administrators collaborate consistently with staff members to gather input.	
2. Operational	Numerous structures exist for staff to engage in shared decision-making and problem-solving and to build their leadership capacities.	√
3. Emerging	Some structures exist for staff to engage in shared decision-making, problem-solving, or both.	
4. Not Evident	Few, if any, structures exist for staff to engage in shared decision-making or problem-solving.	

Leadership Standard 6 - Establishes and supports a data-driven school leadership team that is focused on student learn		
1. Exemplary	 A highly effective, proactive, and data-driven school leadership team is focused on student learning. The leadership team addresses nearly all areas of student and staff learning and school leadership, including the development, implementation, and regular monitoring of the school improvement plan. 	
2. Operational	 A data-driven school leadership team is established with stakeholder representation (e.g., core and non-core teachers, certified support staff) and is focused on student learning. The school leadership team meets regularly and uses norms and protocols to work effectively and efficiently. 	
3. Emerging	The school leadership team is established and has some stakeholder representation but is focused chiefly on school operations rather than student learning.	√
4. Not Evident	A school leadership team does not exist or does not have adequate stakeholder representation.	

Leadership Standard	7 -Monitors and evaluates the performance of teachers and other staff using multiple datas	sources
1. Exemplary	Monitoring the performance of teachers and other staff through observations, surveys, data, and documentation is consistent and comprehensive, resulting in highly accurate performance evaluations.	
	A comprehensive system is in place to provide teachers and staff with ongoing, accurate, timely, detailed, descriptive feedback related to their performance.	
	Administrators use the evaluation process to identify role models, teacher leaders, or both.	
2. Operational	 Monitoring the performance of teachers and other staff regularly occurs using data or documentation, generally resulting in accurate performance evaluations. Teachers and staff receive accurate, timely, descriptive feedback related to their performance. 	V
3. Emerging	Monitoring the performance of teachers and other staff is inconsistent, incomplete, or lacks data or documentation, sometimes resulting in inaccurate performance evaluations. Teachers and staff receive some descriptive feedback related to their performance.	
4. Not Evident	Monitoring the performance of teachers and other staff rarely occurs or often results in inaccurate performance evaluations.	
	Teachers and staff receive little or no descriptive feedback related to their performance.	

Leadership Standard 8 - Provides ongoing support to teachers and other staff		
1. Exemplary	A comprehensive support system that is timely and targeted to individual needs is	\checkmark
	provided to teachers and other staff.	
2. Operational	Most support provided to teachers and other staff is targeted to individual needs.	
3. Emerging	Some support provided to teachers and staff is targeted to individual needs.	
4. Not Evident	Support to teachers and staff does not exist or is not targeted to individual needs.	

e e	Planning and Organization Standard 1 -Shares a common vision and mission that define the school culture and guide th continuous improvement process		
1. Exemplary	 A common vision and mission have been collaboratively developed and communicated to nearly all stakeholders. The culture of the school has been deeply defined over time by the vision and mission, which are updated as needed. 		
	The daily work and practices of staff consistently demonstrate a sustained commitment to continuous improvement.		
2. Operational	A common vision and mission have been developed through a collaborative process and communicated to most stakeholders. The vision and mission define the culture of the school and guide the continuous improvement process.	V	
3. Emerging	A common vision and mission have been developed by some staff members but have not been effectively communicated so that they guide the continuous improvement process.		
4. Not Evident	A common vision and mission have not been developed or updated or have been developed by a few staff members.		

Planning and Organization Standard 2 -Uses a data-driven and consensus-oriented process to develop and implem school improvement plan that is focused on student performance		lement a
1. Exemplary	A school improvement plan has been developed using a data-driven and consensus-oriented process with input from nearly all stakeholders.	
	The plan includes appropriate goals and strategies with a strong focus on increasing student performance.	
	This process and plan consistently guide the work of the school staff.	
2. Operational	A school improvement plan has been developed using a data-driven and consensus-oriented process with input from most plan stakeholders. The plan includes appropriate goals and strategies with a focus on increasing student performance.	
3. Emerging	A school improvement plan has been developed with input from some stakeholders. The school improvement plan is based on incomplete data analysis with limited focus on student performance.	~
4. Not Evident	An up-to-date, data-driven school improvement plan focused on student performance is not in place.	

Planning and Organization Standard 3 -Monitors implementation of the school improvement plan and makes as needed		adjustments
1. Exemplary	 The goals and strategies of the school improvement plan are continually monitored by administrators, the school leadership team, and teacher leaders to evaluate the impact on student performance. Ongoing adjustments are made based on various performance, process, and perception data. 	
2. Operational	 he goals and strategies of the school improvement plan are regularly monitored by administrators and the school leadership team to evaluate the impact on student performance. Adjustments are made to the plan, as needed, based on the analysis of data. 	
3. Emerging	The goals and strategies of the school improvement plan are occasionally monitored by administrators.	√
4. Not Evident	The goals and strategies of the school improvement plan are rarely, if ever, monitored.	

Planning and Organization Standard 4 -Monitors the use of available resources to support continuous improvement		
1. Exemplary	The use of available resources (e.g., personnel, time, facilities, equipment, materials) to support continuous improvement is consistently monitored. School schedules and processes are designed to make effective use of personnel, time, materials, and equipment.	V
2. Operational	The use of available resources (e.g., personnel, time, facilities, equipment, materials) to support continuous improvement is frequently monitored.	
3. Emerging	The use of available resources to support continuous improvement is inconsistently monitored.	
4. Not Evident	The use of available resources to support continuous improvement is rarely, if ever, monitored.	

Planning and Organization Standard 5 -Develops, communicates, and implements rules, policies, schedules, and proceed to maximize student learning and staff effectiveness		
1. Exemplary	 Rules, policies, schedules, and procedures are developed with stakeholder input, effectively communicated, and consistently implemented throughout the school to maximize student learning and staff effectiveness. These rules, policies, schedules, and procedures are consistently reviewed and revised as needed. 	V
2. Operational	Rules, policies, schedules, and procedures are developed, communicated, and implemented throughout the school to maximize student learning and staff effectiveness. These rules, policies, schedules, and procedures are periodically reviewed and systematically revised as needed.	
3. Emerging	Rules, policies, schedules, and procedures are developed but are not effectively communicated or are implemented inconsistently across the school.	
4. Not Evident	Rules, policies, or procedures are not developed, are poorly communicated, or are ineffectively implemented. In some cases, rules, policies, schedules, or procedures are out of date or have become barriers to student learning or staff effectiveness.	

Planning and Organization Standard 6 -Uses protocols to maintain the school campus and equipment providing a safe clean, and inviting learning environment		g a safe,
1. Exemplary	 Protocols (e.g., safety drills, tornado drills, inclement weather plans, current crisis plan, school-wide safety plan, maintenance protocols, facility-use protocols, functional custodial schedules) are used extensively to maintain the school campus and equipment providing a safe, clean, and inviting learning environment. A proactive maintenance process is in place, and repairs are completed in a satisfactory and timely manner, when needed. 	
2. Operational	 Protocols (e.g., safety drills, tornado drills, inclement weather plans, current crisis plan, school-wide safety plan, maintenance protocols, facility-use protocols, functional custodial schedules) are used to maintain the school campus and equipment providing a safe, clean, and inviting learning environment. The school and campus are clean, well-maintained, inviting, and safe. 	V
3. Emerging	Protocols are sometimes used to maintain the school campus and equipment. The school and campus are partially clean, maintained, and inviting, but some safety issues exist.	
4. Not Evident	 Protocols do not exist or are rarely, if ever, used to maintain the school campus and equipment. The school and campus are not clean, maintained, or inviting, and safety issues exist. 	

2. DATA COLLECTION ANALYSIS

2.3 Professional Capacity

Analyze the LEA's data (including sections 2.6) and answer the guiding questions to determine existing trends and patterns that support the identification of professional capacity needs. Complete a data-informed self-rating for each Georgia School Performance Standard (GSPS). See the <u>Professional Capacity webinar</u> for additional information and guidance.

Leadership Standard 5 -Builds leadership capacity through shared decision-making and problem-solving		
1. Exemplary	Extensive structures exist for staff to engage in shared decision-making and problem-solving and to build their leadership capacities.	
	Administrators collaborate consistently with staff members to gather input.	
2. Operational	Numerous structures exist for staff to engage in shared decision-making and problem-solving and to build their leadership capacities.	\checkmark
3. Emerging	Some structures exist for staff to engage in shared decision-making, problem-solving, or both.	
4. Not Evident	Few, if any, structures exist for staff to engage in shared decision-making or problem-solving.	

Professional Learning Standard 1 - Aligns professional learning with needs identified through analysis of a variety		
1. Exemplary	Professional learning needs are identified and differentiated through a collaborative analysis process using a variety of data (e.g., student achievement data, examination of student work, process data, teacher and leader effectiveness data, action research data, perception data from students, staff, and families). Ongoing support is provided through differentiated professional learning.	
2. Operational	Professional learning needs are identified through a collaborative analysis process using a variety of data (e.g., student achievement data, examination of student work, process data, teacher and leader effectiveness data, action research data, perception data from students, staff, and families).	V
3. Emerging	Professional learning needs are identified using limited sources of data.	
4. Not Evident	Professional learning needs are identified using little or no data.	

Professional Learning Standard 2 -Establishes a culture of collaboration among administrators and staff to enhance individual and collective performance		ince
1. Exemplary	 Administrators and staff, as a foundational practice, consistently collaborate to support leadership and personal accountability and to enhance individual and collective performance (e.g., construct knowledge, acquire skills, refine practice, provide feedback). Teachers conduct action research and assume ownership of professional learning processes. 	
2. Operational	Administrators and staff routinely collaborate to improve individual and collective performance (e.g., construct knowledge, acquire skills, refine practice, provide feedback).	√
3. Emerging	Administrators and staff sometimes collaborate to improve individual and collective performance.	
4. Not Evident	Administrators and staff rarely collaborate to improve individual and collective performance.	

Professional Learning Standard 3 - Defines expectations for implementing professional learning		
1. Exemplary	Administrators, teacher leaders, or both consistently define expectations for the implementation of professional learning, including details regarding the stages of	
	implementation and how monitoring will occur as implementation progresses.	
2. Operational	Administrators, teacher leaders, or both regularly define expectations for the implementation of professional learning.	√
3. Emerging	Administrators, teacher leaders, or both occasionally define expectations for the implementation of professional learning.	
4. Not Evident	Administrators, teacher leaders, or both rarely, if ever, define expectations for the implementation of professional learning.	

Professional Learni staff	Professional Learning Standard 4 -Uses multiple professional learning designs to support the various learning needs of the staff	
1. Exemplary	 Staff members actively participate in job-embedded professional learning that engages collaborative teams in a variety of appropriate learning designs (e.g., collaborative lesson study, analysis of student work, problem solving sessions, curriculum development, coursework, action research, classroom observations, online networks). Professional learning includes extensive follow-up with descriptive feedback and coaching. 	
2. Operational	Staff members actively participate in professional learning, most of which is job-embedded, which includes multiple designs (e.g., collaborative lesson study, analysis of student work, problem-solving sessions, curriculum development, coursework, action research, classroom observations, online networks) to support their various learning needs. Professional learning includes follow-up with feedback and coaching.	V
3. Emerging	Some staff members are engaged in professional learning that makes use of more than one learning design to address their identified needs.	
4. Not Evident	Staff members receive single, stand-alone professional learning events that are informational and mostly large-group presentation designs.	

Professional Learni learning	ng Standard 5 -Allocates resources and establishes systems to support and sustain effective p	professional
1. Exemplary	 Extensive resources (e.g., substitute teachers, materials, handouts, tools, stipends, facilitators, technology) and systems (e.g., conducive schedules, adequate collaborative time, model classrooms) are allocated to support and sustain effective professional learning. Opportunities to practice skills, receive follow-up, feedback, and coaching are provided to support the effectiveness of professional learning. 	
2. Operational	Adequate resources (e.g., substitute teachers, materials, handouts, tools, stipends, facilitators, technology) and systems (e.g., conducive schedules, adequate collaborative time, model classrooms) are in place to support and sustain professional learning.	V
3. Emerging	Some resources and systems are allocated to support and sustain professional learning.	
4. Not Evident	Few, if any, resources and systems are provided to support and sustain professional learning.	

Professional Learning Standard 6 -Monitors and evaluates the impact of professional learning on staff practices and stud learning		
1. Exemplary	Monitoring and evaluating the impact of professional learning on staff practices and increases in student learning occurs extensively. Evaluation results are used to identify and implement processes to extend student learning.	
2. Operational	Monitoring and evaluating the impact of professional learning on staff practices and student learning occurs routinely.	
3. Emerging	Monitoring and evaluating the impact of professional learning on staff practices occurs sporadically.	√
4. Not Evident	Monitoring and evaluating the impact of professional learning on staff practices occurs rarely, if ever.	

2. DATA COLLECTION ANALYSIS

2.4 Family and Community Engagement

Analyze the LEA's data (including sections 2.6) and answer the guiding questions to determine existing trends and patterns that support the identification of needs related to family and community engagement. Complete a data-informed self-rating for each Georgia School Performance Standard (GSPS). See the <u>Family and Community Engagement webinar</u> for additional information and guidance. Visit Georgia's Family Connection Partnership's <u>KIDS COUNT</u> for additional data.

Family and Community Engagement Data

	Family and Community Engagement Standard 1 -Creates an environment that welcomes, encourages, and connects famil and community members to the school		
1. Exemplary	 The school has a well-established, inviting learning environment that welcomes, encourages, and connects family and community members to the school. Numerous opportunities are given to family members to become actively engaged in school-related events and improvement efforts as participants, event managers, and workers. 	V	
2. Operational	The school has created an environment that welcomes, encourages, and connects family and community members to the school.		
3. Emerging	The school has made some progress toward creating an environment that welcomes, encourages, and connects family and community members to the school.		
4. Not Evident	The school has not created an environment that welcomes, encourages, or connects family and community members to the school.		

Family and Community Engagement Standard 2 -Establishes structures that promote clear and open communication

between the school an	ia stakenoiders	
1. Exemplary	Extensive structures that promote clear and open communication between the school and stakeholders have been effectively established and implemented.	
	Structures are continuously monitored for reliable and interactive communication.	
2. Operational	Most structures that promote clear and open communication between the school and stakeholders have been effectively established and implemented.	\checkmark
3. Emerging	Some structures that promote clear and open communication between the school and stakeholders exist.	
4. Not Evident	Few, if any, structures that promote clear and open communication between the school and stakeholders exist.	

Family and Community Engagement Data

	Family and Community Engagement Standard 3 -Establishes relationships and decision-making processes that build capacity for family and community engagement in the success of students		
1. Exemplary	 A wide variety of relationships and collaborative decision-making processes (e.g., business partnerships, school councils, parent or family organizations, academic and extra-curricular booster clubs, civic organizations, tutoring services, post-secondary partnerships) are pervasive in promoting student success and well being. Expectations for family and community engagement are embedded in the culture and result in stakeholders being actively involved in decision-making. 		
2. Operational	Numerous relationships and decision-making processes (e.g., business partnerships, school councils, parent or family organizations, academic and extra-curricular booster clubs, civic organizations, tutoring services) effectively build capacity for family and community engagement in the success of students.	~	
3. Emerging	Limited relationships and decision-making processes have been initiated by the school to build capacity for family and community engagement.		
4. Not Evident	Relationships and decision-making processes for families and the community are non-existent, or those that do exist contribute minimally to student success.		

Family and Commustatus to families	nity Engagement Standard 4 -Communicates academic expectations and current student ac	chievement
1. Exemplary	The school staff provides families with ongoing, detailed academic expectations and/or graduation status (e.g., four-year graduation plans, syllabi, academic advisement protocols).	
	Extensive communication related to the current achievement level of individual students is provided (e.g., progress reports, student-led parent conferences, report cards, reading level reports, state test reports, school-based assessment reports, online reporting system).	
2. Operational	The school staff communicates academic expectations and/or graduation status (e.g., four-year graduation plans, syllabi, academic advisement protocols) throughout the year.	\checkmark
	Regular communication related to the current achievement level of individual students is provided (e.g., progress reports, parent conferences, report cards, reading level reports, state test reports, school-based assessment reports, online reporting system).	
3. Emerging	The school staff communicates some academic expectations at the start of the year. Some communication related to the current achievement level of individual students is provided.	
4. Not Evident	The school staff does little to inform families of academic expectations. Little, if any, communication related to the current achievement level of individual students is provided.	

Family and Community Engagement Data

Family and Community Engagement Standard 5 -Develops the capacity of families to use support strategies at home that will enhance academic achievement		
1. Exemplary	The school continually develops the capacity (e.g., parent training, lunch and learn, make-it and take-it) of families to use support strategies at home that will enhance academic achievement.	
2. Operational	The school frequently develops the capacity (e.g., parent training, lunch and learn, make-it and take-it) of families to use support strategies at home that will enhance academic achievement.	~
3. Emerging	The school occasionally develops the capacity of families to use support strategies at home that will enhance academic achievement.	
4. Not Evident	The school seldom, if ever, develops the capacity of families to use support strategies at home that will enhance academic achievement.	

	Family and Community Engagement Standard 6 -Connects families with agencies and resources in the community to r the needs of students	
1. Exemplary	The school has a systematic process in place to connect families with an array of agencies and resources (e.g., Y-Clubs, after-school programs, health and counseling services, community service agencies, civic organizations, tutoring services) to meet the needs of students.	\checkmark
2. Operational	The school regularly connects families to agencies and resources in the community (e.g., Y-Clubs, after-school programs, health and counseling services, community service agencies, civic organizations, tutoring services) to meet the needs of students.	
3. Emerging	The school sometimes connects families to agencies and resources in the community to meet the needs of students.	
4. Not Evident	The school does little to connect families with agencies and resources in the community to meet the needs of students.	

2. DATA COLLECTION ANALYSIS

2.5 Supportive Learning Environment

Analyze the LEA's data (including sections 2.6) and answer the guiding questions to determine existing trends and patterns that support the identification of needs related to a supportive learning environment. Complete a data-informed self-rating for each Georgia School Performance Standard (GSPS). Student subgroups with a count of less than 15 are denoted by "TFS" (too few students). See the <u>Supportive Learning Environment webinar</u> for additional information and guidance.

Instruction Standard 1 - Provides a supportive and well-managed environment conducive to learning		
1. Exemplary	A supportive and well-managed environment conducive to learning is evident throughout the school.	√
	Students consistently stay on-task and take responsibility for their own actions.	
2. Operational	A supportive and well-managed environment conducive to learning is evident in most	
	classrooms.	
3. Emerging	A supportive and well-managed environment conducive to learning is evident in some	
	classrooms.	
4. Not Evident	A supportive and well-managed environment conducive to learning is evident in few,	
	if any, classrooms.	

Instruction Standard 2 - Creates an academically challenging learning environment		
1. Exemplary	Nearly all teachers create an academically challenging, learning environment (e.g., higher-order thinking skills and processes, active student engagement, relevance, collaboration). Students consistently work independently and in teams to solve real-world problems that require advanced effort, decision-making, and critical and creative thinking.	
2. Operational	Most teachers create an academically challenging, learning environment (e.g., higher-order thinking skills and processes, active student engagement, relevance, collaboration).	~
3. Emerging	Some teachers create an academically challenging learning environment.	
4. Not Evident	Few, if any, teachers create an academically challenging learning environment.	

Instruction Standard 8	Instruction Standard 8 -Establishes a learning environment that empowers students to actively monitor their own progress		
1. Exemplary	Nearly all students use tools (e.g., rubrics, checklists, exemplars) to actively monitor their own progress. Nearly all students develop a sense of personal responsibility and accountability by engaging in record keeping, self-monitoring, sharing, exhibiting, and self-reflection.		
2. Operational	Most students use tools (e.g., rubrics, checklists, exemplars) to actively monitor their own progress.	√	
3. Emerging	Some students use tools to actively monitor their own progress.		
4. Not Evident	Few, if any, students use tools to actively monitor their own progress.		

	School Culture Standard 1 -Develops, communicates, and implements rules, practices, and procedures to maintain a safe, orderly learning environment		
1. Exemplary	Rules, practices, and procedures that maintain a safe, orderly learning environment are proactively developed, communicated, and consistently implemented across the school. These rules, practices, and procedures are continually monitored and revised as needed.	V	
2. Operational	Rules, practices, and procedures that maintain a safe, orderly learning environment are developed, communicated, and implemented.		
3. Emerging	Rules, practices, and procedures are developed and communicated but are ineffective or inconsistently implemented across the school.		
4. Not Evident	Rules, practices, and procedures that maintain a safe, orderly, learning environment are not developed nor updated or are poorly communicated.		

School Culture Standard 2 -Establishes a culture of trust and respect that promotes positive interactions and a sense of community		ense of
1. Exemplary	 Extensive evidence (e.g., positive and respectful interactions, appreciation of diversity, tolerance, understanding) exists that a culture of trust and respect has been established. A pervasive commitment to promoting positive interactions and a sense of community is evident. 	V
2. Operational	Evidence (e.g., positive and respectful interactions, appreciation of diversity, tolerance, understanding) exists that a culture of trust and respect has been established.A sustained commitment to promoting positive interactions and a sense of community is evident.	
3. Emerging	Some evidence exists that a culture of trust and respect has been established. A limited commitment to promoting positive interactions and a sense of community is evident.	
4. Not Evident	Little or no evidence exists that a culture of trust and respect has been established. Unresolved conflicts interfere with a sense of community.	

School Culture Standar	School Culture Standard 3 -Establishes a culture that supports the college and career readiness of students	
1. Exemplary	 Extensive evidence (e.g., advisement, career counseling, transition coaching, high expectations) exists that the beliefs and practices of the school support the college and career readiness of students. The school culture supports addressing individual achievement needs and strengths to prepare students for success. 	V
2. Operational	Evidence (e.g., advisement, career counseling, transition coaching, high expectations) exists that the beliefs and practices of the school support the college and career readiness of students.	
3. Emerging	Some evidence exists that the school supports the college and career readiness of students.	
4. Not Evident	Little or no evidence exists that the school supports the college and career readiness of students.	

School Culture Standard	1 4 -Supports the personal growth and development of students	
1. Exemplary	The school staff consistently provides a comprehensive system of support (e.g., counseling, mentoring, advisement, coaching, goal setting, time management, problem solving) to maximize the personal growth and development of nearly all students.	\checkmark
2. Operational	The school staff regularly provides support (e.g., counseling, mentoring, advisement, coaching, goal setting, time management, problem solving) to enhance the personal growth and development of students.	
3. Emerging	The school staff sporadically supports the personal growth and development of students.	
4. Not Evident	The school staff does little to support the personal growth and development of students.	
School Culture Standard	15 -Recognizes and celebrates achievements and accomplishments of students and staff	
1. Exemplary	The school community consistently recognizes and celebrates the achievements and accomplishments of students and staff. The celebrations are publicized within the school and to the community and support the culture of the school.	V
2. Operational	The school community regularly recognizes and celebrates the achievements and accomplishments of students and staff.	
3. Emerging	The school community periodically recognizes or celebrates the achievements or accomplishments of students and/or staff.	
4. Not Evident	The school community rarely, if ever, recognizes or celebrates the achievements or accomplishments of students or staff.	

e e	Planning and Organization Standard 1 -Shares a common vision and mission that define the school culture and guide the continuous improvement process	
1. Exemplary	 A common vision and mission have been collaboratively developed and communicated to nearly all stakeholders. The culture of the school has been deeply defined over time by the vision and mission, which are updated as needed. The daily work and practices of staff consistently demonstrate a sustained 	
	commitment to continuous improvement.	
2. Operational	A common vision and mission have been developed through a collaborative process and communicated to most stakeholders.	√
	The vision and mission define the culture of the school and guide the continuous improvement process.	
3. Emerging	A common vision and mission have been developed by some staff members but have not been effectively communicated so that they guide the continuous improvement process.	
4. Not Evident	A common vision and mission have not been developed or updated or have been developed by a few staff members.	

2. DATA COLLECTION ANALYSIS

2.6 Data Analysis Questions

Analyze the LEA's data and answer the guiding questions to determine existing trends and patterns that support the identification of demographic and financial needs. Student subgroups with a count of less than 15 are denoted by "TFS" (too few students).

What perception data did you use?	Discipline Summary Data
[examples: student perceptions about school	PBIS DATA- SWIS
climate issues (health survey, violence,	School Climate Surveys
prejudice, bullying, etc.); student/parent	Parent Surveys
perceptions about the effectiveness of	
programs or interventions; student	
understanding of relationship of school to	
career or has an academic plan]	

What does the perception data tell you?	Whitewater Middle School prides itself on the 5 star climate rating that it
(perception data can describe people's	continually receives. However, within the data points, there are some areas
knowledge, attitudes, beliefs, perceptions,	where we would like to focus. For example, the percentage of students who
competencies; perception data can also	like school has decreased from 79% in 2018 to 72% 2021. Additionally, the
answer the question "What do people think	data shows students are feeling less connected to others at school, and they feel
they know, believe, or can do?")	like they are not fitting in at school (5% drop in each of these areas over the last
	four years).
	However, the students at WMS do feel like there are high standards for
	achievement (93%), and 95% of the students who were surveyed know what to
	do in the case of an emergency.

What process data did you use? (examples:	Our students show an enthusiastic attitude about participation in school
student participation in school activities,	activities such as athletics and clubs. As a result of the COVID-19 pandemic,
sports, clubs, arts; student participation in	our students were limited in the number of clubs they could participate in.
special programs such as peer mediation,	Additionally, it is becoming more difficult for students to participate in clubs
counseling, skills conferences;	and extra-curricular activities because of transportation, so we are going to
parent/student participation in events such	continue our implementation of Club Day at regular intervals this year. Doing
as college information meetings and parent	so will allow our students an opportunity to participate in activities even if
workshops)	transportation is a concern. Additionally, this will allow us to increase our
	club offerings.
	Our school counselors teach classroom guidance lessons on a regular basis.
	Additionally, students are able to speak with our counselors on an individual
	basis, as needed. Furthermore, we offer transitional support to our rising 6th
	grade students, and we assist Whitewater High School with their transition
	program for the rising 9th grade students.
	At this time, there is no data to support the number of students involved in
	clubs/athletics. This will be a focus for this year. While there are not concrete
	numbers on how many students are taking advantage of counselor support,

DATA COLLECTION ANALYSIS

	anecdotally, the counselors are engaging in continual individual support for our students.

DATA COLLECTION ANALYSIS

Proficient:	47%	Proficient:	Proficient:
		40%	52%

What demographic data did you use?	We looked at demographic data including subgroups such as Students with
	Disabilities (SWD), students with a Section 504 plan, and our subgroup
	populations of African American, Hispanic, and Economically Disadvantaged.

What does the demographic data tell you?	The data tells us that a significant majority of our students with disabilities are
	struggling to meet grade level expectations on our state assessments. Our
	African American population, our Hispanic population, and our Economically
	Disadvantaged population are all scoring lower than our school averages, with
	more students scoring in the developing learner range and fewer students
	scoring in the distinguished learner range.

3. NEEDS IDENTIFICATION AND ROOT CAUSE ANALYSIS

3.1 Strengths and Challenges Based on Trends and Patterns

Read the trends and patterns summaries from each section of the data analysis process. Use the information in these summaries to complete 3.2 and 3.3. Using the summaries in 3.1 and other local data, describe the strengths and challenges or answer the guiding questions for each program. Include strengths and challenges related to: a) general program implementation, and b) students and adults involved in or affected by the program. Focus on strengths and challenges that will assist in the identification of needs during 3.2. Watch the <u>Identifying Need webinar</u> for additional information and guidance.

Strengths and Challenges Based on Trends and Patterns

Coherent Instructional:Summarize the	We increased our rating for Instruction Standard 1 - Provides a supportive and
coherent instructional system trends and	well-managed environment conducive to learning, and we decreased our
patterns observed by the team while	rating of Instruction Standard 2 - Creates an academically challenging learning
completing this section of the report. What	environment, Instruction Standard 3 - Establishes and communicates learn
are the important trends and patterns that	learning targets and success critical aligned to curriculum standards,
will support the identification of student,	Instruction Standard 7 - Provides feedback to students on their performance
teacher, and leader needs?	on the standards or learning targets, Assessment Standard 1 - Aligns
	assessments with the required curriculum standards, Assessment Standard 3 -
	Uses common assessments aligned with the required standards to monitor
	student progress, inform instruction, and improve teacher practices, and
	Assessment Standard 4 - Implements a process to collaboratively analyze
	assessment results to adjust instruction.
	The trends and patterns that will support the identification of student, teacher,
	and leader needs are as follows: more time is necessary to allow teachers to
	analyze data from common assessments. As a result, PLC time will be held
	sacred, and teachers will have dedicated, uninterrupted time to discuss
	planning, assessment, and data. The administration will provide support for
	teachers.

Effective Leadership:Summarize the	During our discussion, we decreased our rating in the following areas:
effective leadership trends and patterns	Leadership Standard 4 - Uses processes to systematically analyze data to
observed by the team while completing this	improve student achievement, Leadership Standard 6 - Establishes and
section of the report. What are the	supports a data driven school leadership team that is focused on student
important trends and patterns that will	learning, Leadership Standard 7 - Monitors and evaluates the performance of
support the identification of student,	teachers and other staff using multiple data sources, Planning and
teacher, and leader needs?	Organization Standard 2 - Uses a data-driven and consensus-oriented process
	to develop and implement a school improvement plan that is focused on
	student performance, and Planning and Organization Standard 3 - Monitors
	implementation of the school improvement plan and makes adjustments.
	There is going to be an intentional focus on digging into our data and looking
	at the school improvement plan on a quarterly basis. We are going to
	emphasize discussion of assessment data, and we are regularly going to
	monitor our plan.

Strengths and Challenges Based on Trends and Patterns

Professional Capacity:Summarize the	We decreased our rating in Professional Learning Standard 1 - Aligns
professional capacity trends and patterns	professional learning with needs identified through analysis of a variety of

support the identification of student,	
teacher, and leader needs?	

Demographic and Financial:Summarize the demographic and financial trends and patterns observed by the team while completing this section of the report. What are the important trends and patterns that	WMS has seen an increase of students needing additional supports. Our ECS population has increased as has the number of students requiring 504 plans. Additionally, we have had an increase in the number of students who are considered Economically Disadvantaged.
will support the identification of student, teacher, and leader needs?	

Strengths and Challenges Based on Trends and Patterns

Student Achievement:Summarize the	As a result of the COVID-19 pandemic, we have seen student achievement
student achievement trends and patterns	decline. Having shut down school for the last three months of the 2019-2020
observed by the team while completing this	school year and having interrupted schooling during the 2020-2021 school
section of the report. What are the	year, many students lost ground. Additionally, approximately 1/3 of our
important trends and patterns that will	students chose to learn virtually during the 2020-2021 school year, and the vast
support the identification of student,	majority of those students did not participate in the state mandated
teacher, and leader needs?	assessments, so we really do not have valid and reliable data on the
	performance of these students. Going forward, it will be critical that our
	teachers work to gather baseline data on these students and engage these
	students in effective classroom instruction.

IDEA - Special Education, Economically Disadvantaged Children, and English Learners.

Using the summaries in 3.1 and other local data, describe the strengths and challenges or answer the guiding questions for each program. Include strengths and challenges related to: a) general program implementation, and b) students and adults involved in or affected by the program. Focus on strengths and challenges that will assist in the identification of needs during 3.3. Watch the <u>Identifying Need webinar</u> for additional information and guidance.

Strengths	Our ECS and Economically Disadvantaged populations are increasing, as are
	the number of students requiring a 504 plan. However, the staff at WMS has
	continued to strive for excellence in providing services for these students.
	Once a month academic team teachers, administrators, and counselors meet to
	discuss student progress and seek ways to improve mastery. Students are
	placed in subject specific literacy classes to address their individual needs.
	Interventions are determined and administered based on frequent assessments,
	universal screeners and progress monitoring. Students are tiered and
	monitored based on that data.

Challenges	It is often a challenge for our ECS teachers to find time to plan with our
	academic team teachers. Furthermore, our teachers need to adopt the idea that
	students, particularly those with disabilities are "our students" and not "their
	students." Our ECS teachers need to have refresher training in specialized
	instructional methods and they need to implement the programs with fidelity.
	Furthermore, we need to find time for our students who are participating in
	resource classes to participate in the regular instructional segments, as much as
	possible, to receive quality Tier 1 instructional strategies and an exposure to
	grade level standards.

3. NEEDS IDENTIFICATION AND ROOT CAUSE ANALYSIS

3.2 Identification and Prioritization of Overarching Needs

Use the results of 3.1 to identify the overarching needs of the LEA. Determine the priority order of the identified needs based on data, team member and stakeholder knowledge, and answers to questions in the table below. Be sure to address the major program challenges identified in 3.1. Watch the <u>Identifying Need webinar</u> for additional information and guidance.

Overarching Need # 1

Overarching Need	With approximately 40% of our students reading below grade level as measured by Reading Inventory and between 12 and 20% of our students reading below grade level as measured by the Georgia Milestones Assessment, we need a clear focus on literacy.
How severe is the need?	High
Is the need trending better or	Worse
worse over time?	
Can Root Causes be Identified?	Yes
Priority Order	3

Additional Considerations	

Overarching Need # 2

Overarching Need	With approximately 61% of our students not meeting expectations on the STAR math assessment and between 40% and 59% of our students scoring in the beginning/developing range as measured by the Georgia Milestones Assessment, we need a clear focus on mathematics instruction, particularly in Grade 6.
How severe is the need?	High
Is the need trending better or worse over time?	Worse
Can Root Causes be Identified?	Yes
Priority Order	4

Additional Considerations	

NEEDS IDENTIFICATION AND ROOT CAUSE ANALYSIS

Overarching Need # 3

Overarching Need	Our comprehensive needs assessment has shown that data analysis of common formative and summative assessments is a weakness. Additionally, the results on the Georgia Milestones Assessment has shown that we need a stronger emphasis on analyzing data, PLC implementation, and a clear, consistent focus on the instructional framework.
How severe is the need?	High
Is the need trending better or worse over time?	Better
Can Root Causes be Identified?	Yes
Priority Order	2

Additional Considerations

Overarching Need # 4

Overarching Need	With the increased emphasis at the district level on Benchmark Assessments, teachers and administrators need an increased focus on using data from common formative and summative assessments.
How severe is the need?	Unknown
Is the need trending better or	Unknown
worse over time?	
Can Root Causes be Identified?	Yes
Priority Order	1

Additional Considerations

Overarching Need # 5

Overarching Need	Provide support for students who are struggling emotionally
How severe is the need?	High
Is the need trending better or	Worse
worse over time?	
Can Root Causes be Identified?	Yes
Priority Order	5

Additional Considerations	
---------------------------	--

3. NEEDS IDENTIFICATION AND ROOT CAUSE ANALYSIS

3.3 Root Cause Analysis

Select the top 2-4 overarching needs from 3.2. Conduct a separate root cause analysis (RCA) for each need. Any RCA tools and resources can be used, but suggestions are available as part of the <u>Identifying Need webinar</u>. After describing the RCA process, complete a table for each selected overarching need.

Overarching Need - With approximately 40% of our students reading below grade level as measured by Reading Inventory and between 12 and 20% of our students reading below grade level as measured by the Georgia Milestones Assessment, we need a clear focus on literacy.

Root Cause # 1

Root Causes to be Addressed	Effective T1 strategies, reassessment, focused time spent on data analysis
This is a root cause and not a	Yes
contributing cause or symptom

Other (if selected, please describe below)	

2.1 Overarching Need # 1

Overarching Need

Overarching Need as identified in	With approximately 40% of our students reading below grade level as measured by
CNA Section 3.2	Reading Inventory and between 12 and 20% of our students reading below grade level as
	measured by the Georgia Milestones Assessment, we need a clear focus on literacy.
Root Cause # 1	Effective T1 strategies, reassessment, focused time spent on data analysis
Goal	We will increase the percentage of students reading at or above the grade level Lexile as
	measured by the RI assessment to 90% and we will increase the number of students
	scoring at a proficient or distinguished level as measured by the Georgia Milestone
	Assessment by at least 5% in each grade level.

Action Step	Instruct all teachers on best practices in integrating reading into the content area
Funding Sources	Consolidated Funding
Subgroups	Economically Disadvantaged
	Foster
	Homeless
	English Learners
	Migrant
	Race / Ethnicity / Minority
	Student with Disabilities
	N/A
Systems	Coherent Instruction
	Effective Leadership
	Professional Capacity
	Supportive Learning Environment
Success Criteria for	Data collection; walkthrough data
Implementation	
Success Criteria for Impact on	Increased academic achievement
Student Achievement	
Position/Role Responsible	Teachers/School Administration
Timeline for Implementation	Weekly

What partnerships, if any, with
IHEs, business, Non-Profits,
Community based organizations,
or any private entity with a
demonstrated record of success is
the LEA implementing in carrying
out this action step(s)?

Action Step	Support teachers with the tools necessary to implement the instructional framework.
Funding Sources	Consolidated Funding
Subgroups	Economically Disadvantaged
	Foster
	Homeless

IHEs, business, Non-Profits,
Community based organizations,
or any private entity with a
demonstrated record of success is
the LEA implementing in carrying
out this action step(s)?

2.2 Overarching Need # 2

Overarching Need

Overarching Need as identified in	With approximately 61% of our students not meeting expectations on the STAR math
CNA Section 3.2	assessment and between 40% and 59% of our students scoring in the beginning/developing
	range as measured by the Georgia Milestones Assessment, we need a clear focus on
	mathematics instruction, particularly in Grade 6.
Root Cause # 1	Effective T1 strategies, reassessment, focused time spent on data analysis
Goal	We will increase the percentage of students scoring at or above grade level as measured by
	the STAR assessment to 85% and we will increase the number of students scoring at a
	proficient or distinguished learner as measured by the Georgia Milestone Assessment by at
	least 5% in each grade level.

Action Step	Through support from the county mathematics department, teachers will engage in weekly
-	planning sessions to support learning by effectivly using the county scope and sequence,
	the standards, reassessment strategies, etc.
Funding Sources	Consolidated Funding
Subgroups	Economically Disadvantaged
	Foster
	Homeless

the LEA implementing in carrying
out this action step(s)?

2.3 Overarching Need # 3

Overarching Need

Overarching Need as identified in	Our comprehensive needs assessment has shown that data analysis of common formative
CNA Section 3.2	and summative assessments is a weakness. Additionally, the results on the Georgia
	Milestones Assessment has shown that we need a stronger emphasis on analyziing data,
	PLC implementation, and a clear, consistent focus on the instructional framework.
Root Cause # 1	Lack of focus on implementation of the instructional framework, Lack of focus on effective
	PLC's with data analysis; lack of coherent, focused training in Achievement level
	descriptors, thorough understanding of the standards
Goal	We will have 100% implementation in the use of the Instructional Framework to include
	implementation of the opening, transition to the work session, the work session, and the
	closing with fidelity. Through training on the Instructional Framework, we will imbed the
	need for effective T1 instructional practices, data analysis of common formative and
	summative assessments, using the standards and achievement level descriptors, and the
	importance of effective, engaging lessons.

Action Step	Support teachers with the tools necessary to implement the instructional framework
Funding Sources	Consolidated Funding
Subgroups	Economically Disadvantaged
	Foster
	Homeless
	English Learners
	Migrant

2.4 Overarching Need # 4

Overarching Need

Overarching Need as identified in	With the increased emphasis at the district level on Benchmark Assessments, teachers and
CNA Section 3.2	administrators need an increased focus on using data from common formative and
	summative assessments.
Root Cause # 1	Lack of focus on implementation of the instructional framework, Lack of focus on effective
	PLC's with data analysis; lack of coherent, focused training in Achievement level
	descriptors, thorough understanding of the standards
Goal	Increase the number of teachers using common formative and summative assessments.

Action Step	Develop common formative and summative assessments at the school level for all content
-	areas.
Funding Sources	Consolidated Funding
Subgroups	Economically Disadvantaged
	Foster
	Homeless
	English Learners
	Migrant
	Race / Ethnicity / Minority

3. REQUIRED QUESTIONS

3.1 Stakeholders, Coordination of Activities, Serving Children, and PQ

Required Questions

1. In developing this plan, briefly describe	Subject Area departments meet once a month, grade level departments meet
how the school sought advice from	once a week with input from the county coordinator. Teachers collaborate and
individuals (teachers, staff, other school	plan on a weekly basis and create consistent assessments. Using these
leaders, paraprofessionals, specialized	assessments and the day to day knowledge and mastery of their students, they
instructional support personnel, parents,	pace the next units of study.
community partners, and other	We have one parent that was chosen to serve on the Superintendent's Round
stakeholders).	table committee that meets regularly to discuss county-wide concerns and to
	offer input specifically related to Whitewater Middle.
	We have a parent representative that is part of our Positive Behavior
	Intervention team.
	Our Parent volunteers are a great asset to our operation of the front office and
	the media center.
	Our PTO is very active, meeting once a month . All Parents and staff are free to
	join us to provide insight into the accomplishments and needs of Whitewater
	Middle.
	Our school Council meet quarterly, comprised of elected parents and teachers
	and selected community partners.
	Our Partners in Education also support our operation and vision for
	Whitewater Middle School.

2. Describe how the school will ensure that	We are not a Title I School, but we openly discuss the equity practices and
low-income and minority children enrolled	identification of all students, specifically those in a lower socioeconomic need.
in the Title I school are not served at	99% of our teachers are highly qualified in their field according to the GAPSC.
disproportionate rates by ineffective,	
out-of-field, or inexperienced teachers.	

3. Provide a general description of the Title I	We are not a Title I School
instructional program being implemented at	
this Title I school. Specifically define the	
subject areas to be addressed and the	
instructional strategies/methodologies to be	
employed to address the identified needs of	
the most academically at-risk students in the	
school. Please include services to be provided	
for students living in local institutions for	
neglected or delinquent children (if	
applicable).	

4. If applicable, provide a description of how	Not Applicable
teachers, in consultation with parents,	
administrators, and pupil services personnel,	
will identify eligible children most in need of	
services in Title I targeted assistance	
schools/programs. Please include a	
description of how the school will develop	
and implement multiple (a minimum of 2)	
objective, academic-based performance	
criteria to rank students for service. Also	
include a description of the measurable scale	
(point system) that uses the objective criteria	
to rank all students.	

3. REQUIRED QUESTIONS

3.2 PQ, Federally Identified Schools, CTAE, Discipline

Required Questions

5. If applicable, describe how the school will	Not Applicable
support, coordinate, and integrate services	
with early childhood programs at the school	
level, including strategies for assisting	
preschool children in the transition from	
early childhood education programs to local	
elementary school programs.	

6. If applicable, describe how the school will	Our Guidance Counselors teach classroom guidance classes including the
implement strategies to facilitate effective	career surveys to enlighten the students in areas of potential careers for their
transitions for students from middle grades	future. The counselors and administrators from Whitewater High School come
to high school and from high school to	over and orient the students in the opportunities that are available at the high
postsecondary education	school. A student assembly and tour of the high school is conducted in the
including:Coordination with institutions of	spring. The high school also provides a parent night prior to registering for
higher education, employers, and local	classes.
partners; and Increased student access to	
early college, high school, or dual or	
concurrent enrollment opportunities or	
career counseling to identify student interest	
and skills.	

7. Describe how the school will support	Our Positive Behavior Intervention program promotes the positive climate
efforts to reduce the overuse of discipline	and acknowledgement of appropriate behaviors, teaching students how to
practices that remove students from the	behave and the expected behaviors in every setting. We reward students on
classroom, specifically addressing the effects	team and provide ongoing celebrations for team building and relationship
on all subgroups of students.	bonding with the entire staff and students.
	Secondly, we analyze all data once a month in our PBIS meetings. We are able
	to use our SWSS data to breakdown the information by grade level, gender,
	occasion , and time of day. We are constantly seeking collaboration and
	communication of our large group to brainstorm and to implement a plan to
	prevent the behavior before it occurs. Our discipline incidents, prior to the
	Pandemic break were significantly lower.
	We also collaborate on our discipline decisions. We always strive to be very
	consistent with our consequences. We use credit recovery practices if a student
	is removed from the class and our teachers tutor as necessary students during
	their planning time that are in ISS as needed.

ADDITIONAL RESPONSES

8. Use the space below to provide additional	We have always been highly focused on the Social Emotional Learning aspect
narrative regarding the school's	of education. The school climate is critically import to put the positive
improvement plan.	environment in place for students to feel safe, valued, and be part of the "team".
	More than ever this year starting, we must highly focus on this aspect of
	education and human worth!
