Apps to watch for on students' phones....

Any apps that “hide” other apps (some examples)

Messaging apps (beyond a phone's text feature)

Students will sometimes freely show you their camera roll and text history because the inappropriate items are *hidden* behind another app or sent from another app.

Things Parents Need to Know

(and make sure their students also know...)

- ★ No guarantee of privacy; anything can be retrieved
- ★ Balance access to technology with other activities
- ★ Kids are sneaky, but you *can* outsmart them with a little research

**common
sense
media**

An independent nonprofit organization dedicated to helping kids thrive in a world of media and technology. They strive to empower parents, teachers, and policymakers by providing unbiased information, trusted advice, and innovative tools to help them harness the power of media and technology as a positive force in all kids' lives.
