

QUESTIONS AND ANSWERS
LARGE EQUIPMENT BID 2021-03

Question #1

Our inquiry is for approval to propose alternate equipment.

Answer #1

We are not accepting alternate equipment at this time. Our kitchen technicians have been trained to maintain and service the large equipment brands that are specified in the bid documents. Our Facilities Department for the district stocks replacement parts to maintain and service this equipment. To consider alternate equipment, our kitchen technicians would have to preapprove alternate items and procure replacement parts at an added expense to the School Nutrition Department.
