

2017-18 School Year

Dear Parents:

At times during the school year, there are occasions when various popular films reinforce and enhance understanding of a concept or theme we are teaching in our academic classes.

When such occasions arise, we like to offer students the opportunity to view these films to incorporate them into our lessons. Because some of the movies are rated PG (Parental Guidance Suggested), parental permission is required before viewing. Below is a list of PG movies that have been reviewed by our media committee for appropriateness of instructional value. The list provides teachers a selection from which to choose a movie appropriate for their curriculum.

This permission slip will be in lieu of sending a separate permission slip each time we choose to view a film. This will prevent students from forgetting to get permission and thereby missing the activity. If there are movies listed that you do not want your child to view, please list the exceptions below.
