

North Fayette Parent University

2015-2016 Workshop Series

Note: All workshops are from 10:30-11:30am in the Commons Area. Childcare and light snacks are provided. No reservations are necessary.

Common Core Math Strategies that Increase Academic Achievement

February 27

Parents are asking for information about how they can encourage their children in the area of math. This workshop will explore the new math standards and how these standards are evaluated on the Georgia Milestones. Join Kendra Brown, our Math Curriculum Lead Teacher, for this valuable presentation.

Reading for Meaning: Comprehension Strategies for Reading Mastery

March 5

Learn how mastery of comprehension strategies will boost your child's reading achievement. Strategies will be modeled for parents and instruction will be given so parents can implement the strategies at home. Strategies include: visualizing, making connections, questioning, inferencing, determining importance, and summarizing. Teresa Mattingly, our Social Studies Curriculum Lead Teacher, will be the presenter for this informative session.

21st Century Technology: Home School Connections & Academic Success

March 12

This is an introduction to Fayette County and North Fayette technology websites and how they correlate to county curriculum. Dan Barry, our technology specialist at NFE will share his knowledge and expertise to acclimate you to the Fayette County system. If you are new to North Fayette, please plan to attend this presentation.

Increasing Academic Performance in Student Writing

March 19

Dr. Lee will be presenting a workshop showing Georgia Milestones testing items with current state updates. Parents gain an understanding of the required knowledge and skills expected as part of the test format. This is a new workshop, with new information! Please plan to join us.
