

Students, Parents, Teachers-Together for Success

How do we make this happen?

Make school attendance a priority!

Our Fifth Grade Classroom

In our classroom, we support reading and math on a daily basis by practicing reading fluency and math facts. Our goals are for students to raise reading lexile scores and Star math scores by the end of the year.

Some of our key connections with families will be:

- Provide parents with resources to use at home for reading and math fluency.
- Our school web page has links to family friendly websites that extend reading and math skills.
- Provide homework that supports reading lexile growth and math activities.
- Conduct Success Team Meetings to discuss your child's progress.

Teacher Signature/Date:

At Home

Families at NFE provided ideas to support their child's learning at home. Check out these great ideas!

- Use Friday Folder information to discuss learning for the week.
- Check out learning activities from the Parent Center to support reading and math.
- Participate in homework by checking my child's agenda and work.
- Read daily with my child.
- Attend parent-teacher conferences and Success Team meetings.
- Use Activity Packets regularly.
- Check the class web page for at home learning ideas.

To help my child at home, I will:

North Fayette Students

Students at North Fayette shared ideas about how they can succeed at school and reach their learning goals.

- Read every day.
- Practice my math facts.
- Use my agenda effectively.
- Complete my homework.
- Take responsibility for my learning.
- Check IC to keep up with my grades.

To reach my learning goals, I will:
