Dear FRMS Parents,

Please complete the survey below to assist Flat Rock Middle School in our School Climate Rating. The Georgia Parent Survey is also available in Spanish. Parents may select the Spanish version within the survey.

Georgia Parent Survey: <http://gshs.gadoe.org/parents> The Georgia Parent Survey contains 24 questions. Parents may complete the survey using their personal computer, smartphone, or tablet. Survey responses are anonymous and will be submitted directly to the Georgia Department of Education for analysis. Our School Climate Rating is calculated from the data of the Georgia Parent Survey. School perception is influenced by this information. In addition, families frequently use this data to determine relocation into our district and selecting our school for their child. The data can also have an impact on the following: perception of parent involvement as well as district and state rankings.

Thank you for your time and support in assisting Flat Rock Middle School in making your student successful.

We'd like to send a big thank you to Ms. Maddox and Dr. Trammell as we salute them this week during National School Counseling Week. The theme this year is *Providing Lessons for Life*. Both of our counselors assist and support all students at Flat Rock to be great and find success through their guidance and counseling. You Rock, Ladies!

The journey of school is not just for educators and students, it's about parents, too! The **Parent Power** segment is dedicated to sharing articles that support your child's success in school.
