New to the Eagle's Nest

Hi everyone, I'm Tyler Hall. This is my second year in my own classroom, and the first in the middle school arena! I'm teaching SS for team 6B. I have a wife who is a social worker, and a 15month old daughter who is an adorable terror. When not here at school I am currently working on my gifted endorsement, Masters degree in secondary teaching, and I will be heading up the FBLA come next week. I love to read just about anything I can get my hands on, and before teaching I was a server in Athens GA. GO BULLDOGS! If you ever see or hear anything about my classes and have suggestions please feel free contact Hall.Tyler@mail.fcboe.org.

My name is Georgette Hunt and I'm glad to be an official member of the Flat Rock team. I am the Instructional Support Parapro but I've worked here during the last three years as a substitute teacher. I help the RTI team with progress monitoring and most importantly, I am your in-house emergency response team. This means I may be in your classroom at some point. I have a teaching degree and have worked as an elementary and preschool teacher, a paralegal, and a law firm personnel administrator. I've been happily married for 16 1/2 years, have two boys that are in middle school (6th and 8th grade), and have lived in Georgia for 8 years. My hobbies include creating art (drawing and painting), cooking, and reading. I love to swim, drink insane amounts of coffee, and volunteer in numerous capacities at my church. I'm looking forward to meeting everyone! Thank you for making my job enjoyable.

Please join us for our next PTO meeting

Wednesday, October 9th at 5:30 p.m. in the Parent Resource Center (room 602).

Are you receiving emails from the PTO? If not sign up [here](#).

Botanical Gardens and Piedmont Park

Team 7A visited Botanical Gardens to learn about future environmental career opportunities. Whether you aspire to be an artist, scientist, doctor, or engineer, there is a plant-based career for you! We also discovered the Golden Ratio and how the Fibonacci Sequence naturally occurs in the world around us. Lastly, we took a self-guided tour and enjoyed a picnic in the park. Many thanks to the parent chaperones that accompanied us on this trip. It wouldn't have been successful without your assistance! Follow us

PRINCIPAL'S CORNER

With trends ever changing we would like to shed light on one that has proven harmful to students and parent's health alike. With the sleek look of a USB drive, vape pens have become all the rage and "lit" thing to do. Unfortunately, studies show this new trend comes at a cost. Although the use of teenage cigarette smokers is steadily declining, the number of teens vaping continues to increase as it is falsely thought of as safer, and is a less detectable alternative. Please take a moment to read over these very informative articles on vaping, and tips on how you can engage in these types of discussions with your child(ren).

[The new vaping trend thats twice as addictive as cigarettes](#)

Leadership Word of the month for September

~Honesty~

Showing a good and truthful character; able to be trusted.

Leadership Trait of the Week
September 23th – September 27th

"Uprightness"

Grace McClenney

"Student of the Week"

The quality of being honest, responsible, moral, and honorable.

This student has started the year strong by always showing a responsible nature in class and also in how she works through the assignments she is given to complete at home. Each day she is willing to ask questions, take constructive feedback, and try her best to exceed at each task given. She constantly tries to work with her peers, and provide them help and assistance if they ask. This student has really showcased what it means to be an upright class citizen on team 6A. Congratulations Grace!

TITLE I NEWS

FY20 Title I Program Parent Notification of Supplemental Support Services

Dear Parents:

Flat Rock Middle School has school-wide status with our Title I Program for the 2019-2020 school year. Title I provides a source of federal funding to schools throughout the country. Based on local data and demographics, Title I formulas determine the funding allocation allowing schools to provide supplemental instructional services and resources to assist students, parents, and staff in achieving local learning goals and targets. Below are a few areas of supplemental supports provided through our Title I Program.

Supplemental Program Support Services:

INSTRUCTION

Title I, Part A identifies students experiencing academic difficulties and provides timely assistance to help them meet the state's rigorous content standards. The Title I Program can fund supplemental staff such as Title I Teachers, Instructional Assistants, and Tutors to support student learning. The Title I Program can also purchase supplemental evidence-based programs (such as LEXIA), resources, technology, and supplies to support the academic achievement of students.

PARENT ENGAGEMENT

Title I, Part A, reserves at least 1% of allotted funds for parental involvement. Parental Involvement ensures that strong strategies are in place to build the capacity to involve parents/stakeholders in an effective partnership with the school and share and support high student academic achievement. The Title I Program funds supplemental staff such as Parent Liaisons, Parent Teachers, and Interpreters.

PROFESSIONAL LEARNING

Title I, Part A, reserves at least 5% of allotted funds to improve teaching and learning for students through data-driven and needs-based professional learning opportunities for teachers and staff.

You are welcome to contact your school administration team or our district Title I Office regarding any questions or concerns related to our Title I Program. Thank you.
