Is a STEM and **Parent Power** initiative designed to expose parents, students and other community stakeholders to educational technology resources that we use in the classroom. Many of these tools have practical applications beyond the classroom and can teach our students workforce development skills. For the 2018 - 2019 school year, we'll leverage the **Flexible Learning Center** to host technology sessions. Each session will last an hour on the second Saturday of every month. We will provide light refreshments and request participants to make a charitable donation so we can continue to offer Tech Saturdays throughout the school year.

Next Session Saturday, December 8th 10:00 – 11:00 – “Graphic Design with Canva”

Parents benefit from being involved in their children's education by getting ideas on how to help support their children, learning about the school's academic programs and how those programs work. The journey of school is not just for educators and students, it's about parents, too! The **Parent Power** segment is dedicated to sharing articles that support your child's success in school.

GIVE THE CHANGE DRIVE

Devastated by Hurricane Michael in October, Seminole County School System suffered damage to its facilities requiring all three schools to combine into one building. Many school employees' homes were affected by the damage, as well. Hopewell UMC, our next door

neighbor, asked the schools on Jenkins Road to join in the efforts to provide Walmart and Home Depot cards to each employee of the school system.

As the Flying High Eagles that we are, we willingly accepted this opportunity to help fellow students and teachers in need.

The challenge was set forth to raise as much money as possible in a short amount of time. The hallways competed with each other for the biggest donation for the cause. The overwhelming response touched Pastor Jennie as she was awarded a check in the amount of \$1100 by Mrs. Bolton.

6th grade came in first place, 8th grade in second place, and 7th grade in third place.

We have all enjoyed the friendly competition, but most importantly, we are honored by being able to be a light and hope for those in need.

Thanks to all who helped in this worthy cause.
