Student of the Week

This student always has a smile and a friendly greeting. She gets along well with her peers and shows true sincerity with her classmates. She is an extremely hardworking student. In addition, this student will go out of her way to help someone, or to show friendship and kindness when someone is having a hard day. She always gives her best effort and works very hard to be successful. **Team 7B is very proud to announce the student of the week is Camiah Muldrow.**

Parents benefit from being involved in their children’s education by getting ideas on how to help support their children, learning about the school’s academic programs and how those programs work. The journey of school is not just for educators and students, it’s about parents, too! **The next few Parent Power segments will be about “How to Navigate the Negative Effects of Student Social Media”**
