### Helping your child during Milestones Testing:

1. Encourage your child to do his/her best.
2. Help get your child ready for school on time and try to avoid any unnecessary absences. Also, make sure he/she gets plenty of sleep (8-10 hours each night) and comes to school rested.
3. Have your child eat a healthy breakfast each day.
4. Ensure that your child brings his/her Chromebook **fully charged** to school each day.
