## Teacher Recommendation

Student Name \_\_\_\_\_

Student Grade Level \_\_\_\_\_

(Circle One) On-Air Talent or Technical

Teachers please read and complete the following form for your student. When you have completed the form with pertinent information please put the form in the media center box in the mail room. Please do NOT give the form to the student. The student will not be able to participate in tryouts until this form has been returned to me.

In an effort to select the RSMS Morning Broadcast Team, I am seeking information from you regarding the students' abilities and classroom behavior. My first criterion is behavior because I need students who can work well independently. As you all know, when students are on the broadcast team they have duties that require them to be in the building early in the morning to begin getting the broadcast together for the day's program. Both the students and I work quickly to get everything done in a very short period of time. Sometimes students are in the building filming, in the media center printing from the computers, in the broadcast room lining up guests, setting equipment, etc. Students who are behavior problems in the classroom probably are not going to handle this sort of work well. Please do not recommend a student who continually has behavioral problems in the classroom.

I also would appreciate any comments you have about this student and any special abilities you have observed in the classroom.

Thank you so much for helping me select students who will work well on the broadcast team.
