Assistant Principals

Whitewater High School is committed to providing the safest possible environment for our athletes, coaches, officials, and guests for all athletic events on campus. We ask for your cooperation in helping us encourage, maintain, and promote the following safety protocols:

Ticket Policy

- All Whitewater High School athletic event ticketing will be done digitally. E-Tickets can be pre-purchased online using the [GoFan website](#) or scanning the QR code at the gate. Tickets may be purchased at the gate using a major credit card. **No cash will be accepted.**
- For softball events, each guest wishing to watch the game from the outfield will be required to wear a wristband. Wristbands can be obtained at the gate when the GoFan ticket is validated.

Player Safety

- Whitewater High School student athletes will be required to complete the screening form prior to any athletic event (games, practices, workouts, etc.)
- Guests may not access the playing field or court at any time before, during, or after the event.
- Athletes/Coaches must have individual water bottles/cups. Team coolers are not permitted.

Guest Safety

- It is strongly recommended that unvaccinated guests wear a face covering for indoor events.
- It is strongly recommended that all guests remain three feet apart at all times.
- All concession volunteers should follow proper rules and regulations as mandated by the Food and Drug Administration and Georgia Department of Agriculture

Sanitation

- Bleacher areas are sanitized and cleaned before and after every home event.
- Bathrooms are sanitized and cleaned before and after every home event.
- Hand sanitizing stations are provided for each guest as they enter the facility. We encourage each guest to sanitize their hands prior to entering the facility.

Safety is the number one priority at Whitewater High School. Please help us follow these policies and procedures when attending athletic events on campus.
