AP Potential Information

The College Board generates an AP Potential Report from PSAT Scores. Your counselor will use this report to advise you of courses in which you will be successful. You may have received an email in your FCBOE email account from Maggie Walls last year or in February of this year. Use this information to guide your selection process.

STEP 2: Review and agree to AP Coursework Policies by completing the Google form.

Advanced Placement courses offer college-level coursework in the high school setting, affording students the opportunity to receive college and high school credit simultaneously. You must request courses on the Google form located on the WHS website under Student Resources > Advanced Placement. If accepted into an AP course, both students and parent understand and agree to the following:

- I will complete all summer reading and assignments (if applicable).
- I will be enrolled in the yearlong course for two semesters; class changes will NOT be permitted.
- I may not transfer from an AP class to a regular education class.
- I am required to take the AP exam for each AP course in which I am enrolled and I assume all responsibility for payment for all AP exams (currently \$95 per exam or \$125 for Capstone Seminar and Research).
- I understand that the grade I earn in an AP class will be averaged into my cumulative GPA and that a separate GPA will be calculated with an AP quality point added.
- I understand that once I accept an AP class qualification, I have signed a binding commitment.
- My acceptance into AP is based on the successful completion of pre-requisite courses. If I fail a pre-requisite course second semester, my AP acceptance will be revoked.
- I understand that I may only take the following number of AP courses without administrative approval. To take more than the minimum, I must meet with and receive permission from the principal.

9th Grade- 1 course 10th Grade- 2 courses 11th Grade- 3 courses 12th Grade- 3 courses

Step 3: Register with your counselor during Spring Registration. (This is new!)
