

# Comprehensive Needs Assessment 2021 - 2022 School Report

**Fayette County  
Whitewater Middle School**

# 1. PLANNING AND PREPARATION

## 1.1 Identification of Team

The comprehensive needs assessment team consists of people who are responsible for working collaboratively throughout the needs assessment process. Ideal team members possess knowledge of programs, the capacity to plan and implement the needs assessment, and the ability to ensure stakeholder involvement. A required team member’s name may be duplicated when multiple roles are performed by the same person. Documentation of team member involvement must be maintained by the LEA. Watch the [Planning and Preparation webinar](#) for additional information and guidance.

### Leadership Team

	Position/Role	Name
Team Member # 1	Principal	Brian Butera
Team Member # 2	Assistant Principal	Jeff Patterson
Team Member # 3	Assistant Principal	Mesa Davis
Team Member # 4	Math Co-CCP	Julie Patrick
Team Member # 5	Math Co-CCP	Kay Young
Team Member # 6	English CCP	Lindsey Houseman
Team Member # 7	Science CCP	Kathy Morrison

### Additional Leadership Team

	Position/Role	Name
Team Member # 1	Social Studies CCP	Heather Carroll
Team Member # 2	Gifted CCP	Sheri Spurlock
Team Member # 3	Media Specialist	Dr. Rebecca Warren
Team Member # 4	ECS Lead Teacher	Jean Crouse
Team Member # 5	7th Grade Social Studies teacher	Casey Jones
Team Member # 6	7th Grade Science teacher and school tech	Jennifer Joiner
Team Member # 7		
Team Member # 8		
Team Member # 9		
Team Member # 10		

1. PLANNING AND PREPARATION

1.2 Identification of Stakeholders

Stakeholders are those individuals with valuable experiences and perspective who will provide the team with important input, feedback, and guidance. Required stakeholders must be engaged in the process to meet the requirements of participating federal programs. Documentation of stakeholder involvement must be maintained by the LEA. Watch the [Planning and Preparation webinar](#) for additional information and guidance.

Stakeholders

	Position/Role	Name
Stakeholder # 1	Parent	Janet Olson
Stakeholder # 2		
Stakeholder # 3		
Stakeholder # 4		
Stakeholder # 5		
Stakeholder # 6		
Stakeholder # 7		
Stakeholder # 8		

How will the team ensure that stakeholders, and in particular parents and/or guardians, were able to provide meaningful input into the needs assessment process?	Parents have an opportunity to provide feedback in a variety of ways. For example, parents provide feedback through the Georgia Health Survey, School Council, PTO, and school surveys.

## 2. DATA COLLECTION ANALYSIS

### 2.1 Coherent Instructional System

Analyze the LEA’s data (including sections 2.6) and answer the guiding questions to determine existing trends and patterns that support the identification of instructional needs. Complete a data-informed self-rating for each Georgia School Performance Standard (GSPS). See the [Coherent Instructional System webinar](#) for additional information and guidance.

#### Coherent Instruction Data

Curriculum Standard 1 -Uses systematic, collaborative planning processes so that teachers share an understanding of expectations for standards, curriculum, assessment, and instruction		
<b>1. Exemplary</b>	A systematic, collaborative process is used proactively for curriculum planning.  Nearly all teachers or groups of teachers, support staff, and leaders within the school have common expectations for standards, curriculum, assessment, and instruction.	
<b>2. Operational</b>	A systematic, collaborative process is used regularly for curriculum planning.  Most teachers or groups of teachers within the school have common expectations for standards, curriculum, assessment, and instruction.	✓
<b>3. Emerging</b>	A collaborative process is used occasionally for curriculum planning.  Some teachers or groups of teachers within the school have common expectations for standards, curriculum, assessment, and instruction.	
<b>4. Not Evident</b>	A collaborative process is rarely, if ever, used for curriculum planning.  Few, if any, teachers or groups of teachers within the school have common expectations for standards, curriculum, assessment, and instruction.	

Coherent Instruction Data

Curriculum Standard 2 -Designs curriculum documents and aligns resources with the intended rigor of the required standards		
1. Exemplary	Curriculum documents (e.g., lesson plans, unit plans, performance tasks, curriculum maps, scope, and sequence documents, guides) that are aligned with the intended rigor of the required standards are the products of a systematic, collaborative process.  These curriculum documents and resources are used and continuously revised by teachers and support staff to ensure an alignment with the intended, taught, and tested standards.	
2. Operational	Curriculum documents (e.g., lesson plans, unit plans, performance tasks, curriculum maps, scope and sequence documents, guides) have been designed, and resources are aligned with the intended rigor of the required standards.  These curriculum documents and resources guide the work of teachers and instructional support staff.	✓
3. Emerging	Curriculum documents and resources exist, but they are not complete in all content areas or grade levels or lack the intended rigor of the required standards	
4. Not Evident	Few, if any, curriculum documents and resources exist to support the implementation of the intended rigor of the required standards.	

Instruction Standard 1 -Provides a supportive and well -managed environment conducive to learning		
1. Exemplary	A supportive and well-managed environment conducive to learning is evident throughout the school.  Students consistently stay on-task and take responsibility for their own actions.	✓
2. Operational	A supportive and well-managed environment conducive to learning is evident in most classrooms.	
3. Emerging	A supportive and well-managed environment conducive to learning is evident in some classrooms.	
4. Not Evident	A supportive and well-managed environment conducive to learning is evident in few, if any, classrooms.	

Instruction Standard 2 -Creates an academically challenging learning environment		
1. Exemplary	Nearly all teachers create an academically challenging, learning environment (e.g., higher-order thinking skills and processes, active student engagement, relevance, collaboration).  Students consistently work independently and in teams to solve real-world problems that require advanced effort, decision-making, and critical and creative thinking.	
2. Operational	Most teachers create an academically challenging, learning environment (e.g., higher-order thinking skills and processes, active student engagement, relevance, collaboration).	✓
3. Emerging	Some teachers create an academically challenging learning environment.	
4. Not Evident	Few, if any, teachers create an academically challenging learning environment.	

Coherent Instruction Data

<b>Instruction Standard 3</b> -Establishes and communicates clear learning targets and success criteria aligned to curriculum standards		
<b>1. Exemplary</b>	Nearly all teachers establish and communicate clear learning targets and success criteria aligned to the required curriculum standards.  Learning targets are evident throughout the lesson and in student work. Articulation of the learning targets is consistent and pervasive among like content areas and grade levels	
<b>2. Operational</b>	Most teachers establish and communicate clear learning targets and success criteria aligned to the required curriculum standards.  Learning targets are evident throughout the lesson and in student work.	
<b>3. Emerging</b>	Some teachers establish and communicate clear learning targets and success criteria aligned to the required curriculum standards.	✓
<b>4. Not Evident</b>	Few, if any teachers establish clear learning targets and success criteria aligned to the required curriculum standards.	

<b>Instruction Standard 4</b> -Uses research based instructional practices that positively impact student learning		
<b>1. Exemplary</b>	Nearly all teachers pervasively demonstrate a repertoire of highly effective, research-based instructional practices that positively impact student learning (e.g., providing feedback, cooperative learning, advance organizers, questioning techniques, similarities and differences, reinforcing effort, goal setting, summarizers, graphic representations, reciprocal teaching).	
<b>2. Operational</b>	Most teachers demonstrate a repertoire of effective, research-based instructional practices that positively impact student learning (e.g., providing feedback, cooperative learning, advance organizers, questioning techniques, similarities and differences, reinforcing effort, goal setting, summarizers, graphic representations, reciprocal teaching).	✓
<b>3. Emerging</b>	Some teachers demonstrate a repertoire of effective, research-based instructional practices that positively impact student learning.	
<b>4. Not Evident</b>	Few, if any, teachers demonstrate a repertoire of effective, research-based instructional practices that positively impact student learning.	

Coherent Instruction Data

<b>Instruction Standard 5 -Differentiates instruction to meet specific learning needs of students</b>		
<b>1. Exemplary</b>	Nearly all teachers differentiate instruction (e.g., using flexible grouping, making adjustments, providing choices based upon readiness levels, interests, or needs) to meet the specific learning needs of students.  Nearly all teachers plan and implement multiple means of representation, engagement, action, and expression to meet the learning needs of students (UDL).  Remediation, enrichment, and acceleration are pervasive practices.	
<b>2. Operational</b>	Most teachers differentiate instruction (e.g., using flexible grouping, making adjustments, providing choices based upon readiness levels, interests, or needs) to meet the specific learning needs of students.  Most teachers plan and implement multiple means of representation, engagement, action, and expression to meet the learning needs of students (UDL).	✓
<b>3. Emerging</b>	Some teachers differentiate instruction to meet the specific learning needs of students.	
<b>4. Not Evident</b>	Few, if any, teachers differentiate instruction to meet the specific learning needs of students.	

<b>Instruction Standard 6 -Uses appropriate, current technology to enhance learning</b>		
<b>1. Exemplary</b>	The use by staff members and students of appropriate, current technology to enhance learning is an institutional practice (e.g., facilitate communication, collaboration, research, design, creativity, problem-solving).	✓
<b>2. Operational</b>	Most staff members and students use appropriate, current technology to enhance learning (e.g., facilitate communication, collaboration, research, design, creativity, problem-solving).	
<b>3. Emerging</b>	Some staff members, students, or both use appropriate, current technology to enhance learning.	
<b>4. Not Evident</b>	Few, if any, teachers demonstrate a repertoire of effective, research-based instructional practices that positively impact student learning.	

Coherent Instruction Data

<b>Instruction Standard 7</b> -Provides feedback to students on their performance on the standards or learning targets		
<b>1. Exemplary</b>	Nearly all teachers use the language of the standards or learning targets to provide students with specific, timely, descriptive feedback on their performance.  Nearly all teachers systematically elicit diagnostic information from individual students regarding their understanding of the standards or learning targets.	
<b>2. Operational</b>	Most teachers use the language of the standards or learning targets to provide students with specific, timely, descriptive feedback on their performance.	✓
<b>3. Emerging</b>	Some teachers use the language of the standards or learning targets to provide students with specific, descriptive feedback on their performance.	
<b>4. Not Evident</b>	Few, if any, teachers use the language of the standards or learning targets to provide students with feedback on their performance, or the feedback that is provided is not specific, timely, or understandable.	

<b>Instruction Standard 8</b> -Establishes a learning environment that empowers students to actively monitor their own progress		
<b>1. Exemplary</b>	Nearly all students use tools (e.g., rubrics, checklists, exemplars) to actively monitor their own progress.  Nearly all students develop a sense of personal responsibility and accountability by engaging in record keeping, self-monitoring, sharing, exhibiting, and self-reflection.	
<b>2. Operational</b>	Most students use tools (e.g., rubrics, checklists, exemplars) to actively monitor their own progress.	✓
<b>3. Emerging</b>	Some students use tools to actively monitor their own progress.	
<b>4. Not Evident</b>	Few, if any, students use tools to actively monitor their own progress.	

<b>Instruction Standard 9</b> -Provides timely, systematic, data -driven interventions		
<b>1. Exemplary</b>	Nearly all students are provided timely, systematic, data-driven interventions to support their learning needs.  Interventions are designed to meet the needs of each student. The effectiveness of those interventions is consistently monitored and adjustments are made.	
<b>2. Operational</b>	Most students are provided timely, systematic, data-driven interventions to support their learning needs.	✓
<b>3. Emerging</b>	Some students are provided extra assistance or needed support in a timely manner.	
<b>4. Not Evident</b>	Few, if any, students are provided extra assistance or effective support in a timely manner.	

Coherent Instruction Data

Assessment Standard 1 -Aligns assessments with the required curriculum standards		
1. Exemplary	Nearly all assessments are aligned with the required curriculum standards. Assessments are reviewed during the school year to ensure alignment.	
2. Operational	Most assessments are aligned with the required curriculum standards.	✓
3. Emerging	Some assessments are aligned with the required curriculum standards.	
4. Not Evident	Few, if any, assessments are aligned with the required curriculum standards.	

Assessment Standard 3 -Uses common assessments aligned with the required standards to monitor student progress, inform instruction, and improve teacher practices		
1. Exemplary	Teachers consistently use common assessments aligned with the required standards in nearly all content areas, grade levels, or both for diagnostic, summative, and formative purposes.  The data from the common assessments are analyzed down to the item level, and the results are used to inform instruction and improve teacher practices.	
2. Operational	Teachers use common assessments aligned with the required standards in most content areas to monitor student progress, inform instruction, and improve teacher practices.	✓
3. Emerging	Teachers use some common assessments aligned with the required standards in a few content areas with a limited amount of data analysis to monitor student progress, inform instruction, or improve teacher practices.	
4. Not Evident	Teachers use few, if any, common assessments to monitor student progress, inform instruction, or improve teacher practices.	

Assessment Standard 4 -Implements a process to collaboratively analyze assessment results to adjust instruction		
1. Exemplary	Teachers extensively use a systematic, collaborative process to analyze assessment results. Instruction is consistently adjusted based on the analysis of assessment results across all content areas, grade levels, or both.	
2. Operational	Teachers regularly use a collaborative process to analyze assessment results. Instruction is routinely adjusted based on the analysis of assessment results.	
3. Emerging	Teachers occasionally use a collaborative process to analyze assessment results. Instruction is sometimes adjusted based on the analysis of assessment results.	✓
4. Not Evident	A collaborative process to analyze assessment results does not exist. Instruction is rarely, if ever, adjusted based on the analysis of assessment results.	

## Coherent Instruction Data

<b>Assessment Standard 5</b> -Implements grading practices that provide an accurate indication of student progress on the required standards		
<b>1. Exemplary</b>	The grading practices used by teachers across nearly all content areas, grade levels, or both, consistently provide an accurate indication of student progress on the required standards.	
<b>2. Operational</b>	The grading practices used by teachers in most content areas, grade levels, or both provide an accurate indication of student progress on the required standards.	✓
<b>3. Emerging</b>	The grading practices used by teachers in some content areas, grade levels, or both provide an accurate indication of student progress on the required standards.	
<b>4. Not Evident</b>	The grading practices used by teachers rarely, if ever, provide an accurate indication of student progress on the required standards.	

## 2. DATA COLLECTION ANALYSIS

### 2.2 Effective Leadership

Analyze the LEA’s data (including sections 2.6) and answer the guiding questions to determine existing trends and patterns that support the identification of leadership needs. Complete a data-informed self-rating for each Georgia School Performance Standard (GSPS). See the [Effective Leadership webinar](#) for additional information and guidance.

#### Effective Leadership Data

Leadership Standard 1 -Builds and sustains relationships to foster the success of students and staff		
<b>1. Exemplary</b>	Administrators consistently build and sustain relationships to foster the success of students and staff.  The school staff is fully engaged in relationship building through collaboration, internal and external communication, and building trust with staff, students, families, and community stakeholders.	✓
<b>2. Operational</b>	Administrators regularly build and sustain relationships to foster the success of students and staff.	
<b>3. Emerging</b>	Administrators sometimes build relationships to foster the success of students and staff.	
<b>4. Not Evident</b>	Administrators seldom, if ever, build relationships to foster the success of students and staff.	

Leadership Standard 2 -Initiates and manages change to improve staff performance and student learning		
<b>1. Exemplary</b>	Administrators, the school leadership team, and other teacher leaders initiate and sustain change to improve staff performance and student learning.  Administrators, the school leadership team, and other teacher leaders create a sense of urgency for change and effectively communicate a common vision.	
<b>2. Operational</b>	Administrators and the school leadership team initiate and sustain change to improve staff performance and student learning.  The principal provides an appropriate balance of pressure and support to manage the change process for desired results.	✓
<b>3. Emerging</b>	Administrators initiate change to improve staff performance and student learning but do not sustain the change, remove barriers, or both.	
<b>4. Not Evident</b>	Administrators initiate few, if any, changes that impact staff performance and student learning.	

Effective Leadership Data

<b>Leadership Standard 3</b> -Uses systems to ensure effective implementation of curriculum, assessment, instruction, and professional learning practices		
<b>1. Exemplary</b>	<p>The principal and other school leaders continually use systems to ensure effective implementation of curriculum, assessment, instruction, and professional learning practices.</p> <p>The principal and other school leaders have a comprehensive knowledge and understanding of the best practices for curriculum, assessment, instruction, and professional learning.</p>	
<b>2. Operational</b>	The principal and other school leaders often use systems to ensure effective implementation of curriculum, assessment, instruction, and professional learning practices.	✓
<b>3. Emerging</b>	The principal and other school leaders occasionally use systems to ensure effective implementation of curriculum, assessment, instruction, and professional learning practices.	
<b>4. Not Evident</b>	The principal and other school leaders rarely, if ever, use systems to ensure effective implementation of curriculum, assessment, instruction, and professional learning practices.	

<b>Leadership Standard 4</b> -Uses processes to systematically analyze data to improve student achievement		
<b>1. Exemplary</b>	Extensive, comprehensive processes, including root cause analysis, are used consistently to analyze data (e.g., multiple sources of data: classroom, grade level, departmental, and subgroup, perception data) to improve student achievement.	
<b>2. Operational</b>	Numerous processes are used frequently to analyze data (e.g., multiple sources of data: classroom, grade level, departmental, and subgroup, perception data) to improve student achievement.	
<b>3. Emerging</b>	Some processes are in place and used occasionally to analyze data to improve student achievement.	✓
<b>4. Not Evident</b>	Few, if any, processes are in place to analyze data to improve student achievement.	

<b>Leadership Standard 5</b> -Builds leadership capacity through shared decision-making and problem-solving		
<b>1. Exemplary</b>	<p>Extensive structures exist for staff to engage in shared decision-making and problem-solving and to build their leadership capacities.</p> <p>Administrators collaborate consistently with staff members to gather input.</p>	
<b>2. Operational</b>	Numerous structures exist for staff to engage in shared decision-making and problem-solving and to build their leadership capacities.	✓
<b>3. Emerging</b>	Some structures exist for staff to engage in shared decision-making, problem-solving, or both.	
<b>4. Not Evident</b>	Few, if any, structures exist for staff to engage in shared decision-making or problem-solving.	

Effective Leadership Data

<b>Leadership Standard 6</b> -Establishes and supports a data-driven school leadership team that is focused on student learning		
<b>1. Exemplary</b>	<p>A highly effective, proactive, and data-driven school leadership team is focused on student learning.</p> <p>The leadership team addresses nearly all areas of student and staff learning and school leadership, including the development, implementation, and regular monitoring of the school improvement plan.</p>	
<b>2. Operational</b>	<p>A data-driven school leadership team is established with stakeholder representation (e.g., core and non-core teachers, certified support staff) and is focused on student learning.</p> <p>The school leadership team meets regularly and uses norms and protocols to work effectively and efficiently.</p>	
<b>3. Emerging</b>	<p>The school leadership team is established and has some stakeholder representation but is focused chiefly on school operations rather than student learning.</p>	✓
<b>4. Not Evident</b>	<p>A school leadership team does not exist or does not have adequate stakeholder representation.</p>	

<b>Leadership Standard 7</b> -Monitors and evaluates the performance of teachers and other staff using multiple data sources		
<b>1. Exemplary</b>	<p>Monitoring the performance of teachers and other staff through observations, surveys, data, and documentation is consistent and comprehensive, resulting in highly accurate performance evaluations.</p> <p>A comprehensive system is in place to provide teachers and staff with ongoing, accurate, timely, detailed, descriptive feedback related to their performance.</p> <p>Administrators use the evaluation process to identify role models, teacher leaders, or both.</p>	
<b>2. Operational</b>	<p>Monitoring the performance of teachers and other staff regularly occurs using data or documentation, generally resulting in accurate performance evaluations.</p> <p>Teachers and staff receive accurate, timely, descriptive feedback related to their performance.</p>	✓
<b>3. Emerging</b>	<p>Monitoring the performance of teachers and other staff is inconsistent, incomplete, or lacks data or documentation, sometimes resulting in inaccurate performance evaluations.</p> <p>Teachers and staff receive some descriptive feedback related to their performance.</p>	
<b>4. Not Evident</b>	<p>Monitoring the performance of teachers and other staff rarely occurs or often results in inaccurate performance evaluations.</p> <p>Teachers and staff receive little or no descriptive feedback related to their performance.</p>	

Effective Leadership Data

<b>Leadership Standard 8 -Provides ongoing support to teachers and other staff</b>		
<b>1. Exemplary</b>	A comprehensive support system that is timely and targeted to individual needs is provided to teachers and other staff.	✓
<b>2. Operational</b>	Most support provided to teachers and other staff is targeted to individual needs.	
<b>3. Emerging</b>	Some support provided to teachers and staff is targeted to individual needs.	
<b>4. Not Evident</b>	Support to teachers and staff does not exist or is not targeted to individual needs.	

<b>Planning and Organization Standard 1 -Shares a common vision and mission that define the school culture and guide the continuous improvement process</b>		
<b>1. Exemplary</b>	<p>A common vision and mission have been collaboratively developed and communicated to nearly all stakeholders.</p> <p>The culture of the school has been deeply defined over time by the vision and mission, which are updated as needed.</p> <p>The daily work and practices of staff consistently demonstrate a sustained commitment to continuous improvement.</p>	
<b>2. Operational</b>	<p>A common vision and mission have been developed through a collaborative process and communicated to most stakeholders.</p> <p>The vision and mission define the culture of the school and guide the continuous improvement process.</p>	✓
<b>3. Emerging</b>	A common vision and mission have been developed by some staff members but have not been effectively communicated so that they guide the continuous improvement process.	
<b>4. Not Evident</b>	A common vision and mission have not been developed or updated or have been developed by a few staff members.	

Effective Leadership Data

<b>Planning and Organization Standard 2</b> -Uses a data-driven and consensus-oriented process to develop and implement a school improvement plan that is focused on student performance		
<b>1. Exemplary</b>	<p>A school improvement plan has been developed using a data-driven and consensus-oriented process with input from nearly all stakeholders.</p> <p>The plan includes appropriate goals and strategies with a strong focus on increasing student performance.</p> <p>This process and plan consistently guide the work of the school staff.</p>	
<b>2. Operational</b>	<p>A school improvement plan has been developed using a data-driven and consensus-oriented process with input from most plan stakeholders.</p> <p>The plan includes appropriate goals and strategies with a focus on increasing student performance.</p>	
<b>3. Emerging</b>	<p>A school improvement plan has been developed with input from some stakeholders.</p> <p>The school improvement plan is based on incomplete data analysis with limited focus on student performance.</p>	✓
<b>4. Not Evident</b>	<p>An up-to-date, data-driven school improvement plan focused on student performance is not in place.</p>	

<b>Planning and Organization Standard 3</b> -Monitors implementation of the school improvement plan and makes adjustments as needed		
<b>1. Exemplary</b>	<p>The goals and strategies of the school improvement plan are continually monitored by administrators, the school leadership team, and teacher leaders to evaluate the impact on student performance.</p> <p>Ongoing adjustments are made based on various performance, process, and perception data.</p>	
<b>2. Operational</b>	<p>The goals and strategies of the school improvement plan are regularly monitored by administrators and the school leadership team to evaluate the impact on student performance.</p> <p>Adjustments are made to the plan, as needed, based on the analysis of data.</p>	
<b>3. Emerging</b>	<p>The goals and strategies of the school improvement plan are occasionally monitored by administrators.</p>	✓
<b>4. Not Evident</b>	<p>The goals and strategies of the school improvement plan are rarely, if ever, monitored.</p>	

Effective Leadership Data

Planning and Organization Standard 4 -Monitors the use of available resources to support continuous improvement		
<b>1. Exemplary</b>	The use of available resources (e.g., personnel, time, facilities, equipment, materials) to support continuous improvement is consistently monitored.  School schedules and processes are designed to make effective use of personnel, time, materials, and equipment.	✓
<b>2. Operational</b>	The use of available resources (e.g., personnel, time, facilities, equipment, materials) to support continuous improvement is frequently monitored.	
<b>3. Emerging</b>	The use of available resources to support continuous improvement is inconsistently monitored.	
<b>4. Not Evident</b>	The use of available resources to support continuous improvement is rarely, if ever, monitored.	

Planning and Organization Standard 5 -Develops, communicates, and implements rules, policies, schedules, and procedures to maximize student learning and staff effectiveness		
<b>1. Exemplary</b>	Rules, policies, schedules, and procedures are developed with stakeholder input, effectively communicated, and consistently implemented throughout the school to maximize student learning and staff effectiveness.  These rules, policies, schedules, and procedures are consistently reviewed and revised as needed.	✓
<b>2. Operational</b>	Rules, policies, schedules, and procedures are developed, communicated, and implemented throughout the school to maximize student learning and staff effectiveness.  These rules, policies, schedules, and procedures are periodically reviewed and systematically revised as needed.	
<b>3. Emerging</b>	Rules, policies, schedules, and procedures are developed but are not effectively communicated or are implemented inconsistently across the school.	
<b>4. Not Evident</b>	Rules, policies, or procedures are not developed, are poorly communicated, or are ineffectively implemented.  In some cases, rules, policies, schedules, or procedures are out of date or have become barriers to student learning or staff effectiveness.	

Effective Leadership Data

<b>Planning and Organization Standard 6</b> -Uses protocols to maintain the school campus and equipment providing a safe, clean, and inviting learning environment		
<b>1. Exemplary</b>	<p>Protocols (e.g., safety drills, tornado drills, inclement weather plans, current crisis plan, school-wide safety plan, maintenance protocols, facility-use protocols, functional custodial schedules) are used extensively to maintain the school campus and equipment providing a safe, clean, and inviting learning environment.</p> <p>A proactive maintenance process is in place, and repairs are completed in a satisfactory and timely manner, when needed.</p>	
<b>2. Operational</b>	<p>Protocols (e.g., safety drills, tornado drills, inclement weather plans, current crisis plan, school-wide safety plan, maintenance protocols, facility-use protocols, functional custodial schedules) are used to maintain the school campus and equipment providing a safe, clean, and inviting learning environment.</p> <p>The school and campus are clean, well-maintained, inviting, and safe.</p>	✓
<b>3. Emerging</b>	<p>Protocols are sometimes used to maintain the school campus and equipment.</p> <p>The school and campus are partially clean, maintained, and inviting, but some safety issues exist.</p>	
<b>4. Not Evident</b>	<p>Protocols do not exist or are rarely, if ever, used to maintain the school campus and equipment.</p> <p>The school and campus are not clean, maintained, or inviting, and safety issues exist.</p>	

## 2. DATA COLLECTION ANALYSIS

### 2.3 Professional Capacity

Analyze the LEA’s data (including sections 2.6) and answer the guiding questions to determine existing trends and patterns that support the identification of professional capacity needs. Complete a data-informed self-rating for each Georgia School Performance Standard (GSPS). See the [Professional Capacity webinar](#) for additional information and guidance.

#### Professional Capacity Data

<b>Leadership Standard 5 -Builds leadership capacity through shared decision-making and problem-solving</b>		
<b>1. Exemplary</b>	Extensive structures exist for staff to engage in shared decision-making and problem-solving and to build their leadership capacities.  Administrators collaborate consistently with staff members to gather input.	
<b>2. Operational</b>	Numerous structures exist for staff to engage in shared decision-making and problem-solving and to build their leadership capacities.	✓
<b>3. Emerging</b>	Some structures exist for staff to engage in shared decision-making, problem-solving, or both.	
<b>4. Not Evident</b>	Few, if any, structures exist for staff to engage in shared decision-making or problem-solving.	

<b>Professional Learning Standard 1 -Aligns professional learning with needs identified through analysis of a variety of data</b>		
<b>1. Exemplary</b>	Professional learning needs are identified and differentiated through a collaborative analysis process using a variety of data (e.g., student achievement data, examination of student work, process data, teacher and leader effectiveness data, action research data, perception data from students, staff, and families).  Ongoing support is provided through differentiated professional learning.	
<b>2. Operational</b>	Professional learning needs are identified through a collaborative analysis process using a variety of data (e.g., student achievement data, examination of student work, process data, teacher and leader effectiveness data, action research data, perception data from students, staff, and families).	✓
<b>3. Emerging</b>	Professional learning needs are identified using limited sources of data.	
<b>4. Not Evident</b>	Professional learning needs are identified using little or no data.	

## Professional Capacity Data

<b>Professional Learning Standard 2</b> -Establishes a culture of collaboration among administrators and staff to enhance individual and collective performance		
<b>1. Exemplary</b>	Administrators and staff, as a foundational practice, consistently collaborate to support leadership and personal accountability and to enhance individual and collective performance (e.g., construct knowledge, acquire skills, refine practice, provide feedback).  Teachers conduct action research and assume ownership of professional learning processes.	
<b>2. Operational</b>	Administrators and staff routinely collaborate to improve individual and collective performance (e.g., construct knowledge, acquire skills, refine practice, provide feedback).	✓
<b>3. Emerging</b>	Administrators and staff sometimes collaborate to improve individual and collective performance.	
<b>4. Not Evident</b>	Administrators and staff rarely collaborate to improve individual and collective performance.	

<b>Professional Learning Standard 3</b> -Defines expectations for implementing professional learning		
<b>1. Exemplary</b>	Administrators, teacher leaders, or both consistently define expectations for the implementation of professional learning, including details regarding the stages of implementation and how monitoring will occur as implementation progresses.	
<b>2. Operational</b>	Administrators, teacher leaders, or both regularly define expectations for the implementation of professional learning.	✓
<b>3. Emerging</b>	Administrators, teacher leaders, or both occasionally define expectations for the implementation of professional learning.	
<b>4. Not Evident</b>	Administrators, teacher leaders, or both rarely, if ever, define expectations for the implementation of professional learning.	

Professional Capacity Data

Professional Learning Standard 4 -Uses multiple professional learning designs to support the various learning needs of the staff		
<b>1. Exemplary</b>	<p>Staff members actively participate in job-embedded professional learning that engages collaborative teams in a variety of appropriate learning designs (e.g., collaborative lesson study, analysis of student work, problem solving sessions, curriculum development, coursework, action research, classroom observations, online networks).</p> <p>Professional learning includes extensive follow-up with descriptive feedback and coaching.</p>	
<b>2. Operational</b>	<p>Staff members actively participate in professional learning, most of which is job-embedded, which includes multiple designs (e.g., collaborative lesson study, analysis of student work, problem-solving sessions, curriculum development, coursework, action research, classroom observations, online networks) to support their various learning needs.</p> <p>Professional learning includes follow-up with feedback and coaching.</p>	✓
<b>3. Emerging</b>	Some staff members are engaged in professional learning that makes use of more than one learning design to address their identified needs.	
<b>4. Not Evident</b>	Staff members receive single, stand-alone professional learning events that are informational and mostly large-group presentation designs.	

Professional Learning Standard 5 -Allocates resources and establishes systems to support and sustain effective professional learning		
<b>1. Exemplary</b>	<p>Extensive resources (e.g., substitute teachers, materials, handouts, tools, stipends, facilitators, technology) and systems (e.g., conducive schedules, adequate collaborative time, model classrooms) are allocated to support and sustain effective professional learning.</p> <p>Opportunities to practice skills, receive follow-up, feedback, and coaching are provided to support the effectiveness of professional learning.</p>	
<b>2. Operational</b>	Adequate resources (e.g., substitute teachers, materials, handouts, tools, stipends, facilitators, technology) and systems (e.g., conducive schedules, adequate collaborative time, model classrooms) are in place to support and sustain professional learning.	✓
<b>3. Emerging</b>	Some resources and systems are allocated to support and sustain professional learning.	
<b>4. Not Evident</b>	Few, if any, resources and systems are provided to support and sustain professional learning.	

Professional Capacity Data

Professional Learning Standard 6 -Monitors and evaluates the impact of professional learning on staff practices and student learning		
<b>1. Exemplary</b>	Monitoring and evaluating the impact of professional learning on staff practices and increases in student learning occurs extensively.  Evaluation results are used to identify and implement processes to extend student learning.	
<b>2. Operational</b>	Monitoring and evaluating the impact of professional learning on staff practices and student learning occurs routinely.	
<b>3. Emerging</b>	Monitoring and evaluating the impact of professional learning on staff practices occurs sporadically.	✓
<b>4. Not Evident</b>	Monitoring and evaluating the impact of professional learning on staff practices occurs rarely, if ever.	

## 2. DATA COLLECTION ANALYSIS

### 2.4 Family and Community Engagement

Analyze the LEA's data (including sections 2.6) and answer the guiding questions to determine existing trends and patterns that support the identification of needs related to family and community engagement. Complete a data-informed self-rating for each Georgia School Performance Standard (GSPS). See the [Family and Community Engagement webinar](#) for additional information and guidance. Visit Georgia's Family Connection Partnership's [KIDS COUNT](#) for additional data.

#### Family and Community Engagement Data

Family and Community Engagement Standard 1 -Creates an environment that welcomes, encourages, and connects family and community members to the school		
<b>1. Exemplary</b>	The school has a well-established, inviting learning environment that welcomes, encourages, and connects family and community members to the school.  Numerous opportunities are given to family members to become actively engaged in school-related events and improvement efforts as participants, event managers, and workers.	✓
<b>2. Operational</b>	The school has created an environment that welcomes, encourages, and connects family and community members to the school.	
<b>3. Emerging</b>	The school has made some progress toward creating an environment that welcomes, encourages, and connects family and community members to the school.	
<b>4. Not Evident</b>	The school has not created an environment that welcomes, encourages, or connects family and community members to the school.	

Family and Community Engagement Standard 2 -Establishes structures that promote clear and open communication between the school and stakeholders		
<b>1. Exemplary</b>	Extensive structures that promote clear and open communication between the school and stakeholders have been effectively established and implemented.  Structures are continuously monitored for reliable and interactive communication.	
<b>2. Operational</b>	Most structures that promote clear and open communication between the school and stakeholders have been effectively established and implemented.	✓
<b>3. Emerging</b>	Some structures that promote clear and open communication between the school and stakeholders exist.	
<b>4. Not Evident</b>	Few, if any, structures that promote clear and open communication between the school and stakeholders exist.	

Family and Community Engagement Data

Family and Community Engagement Standard 3 -Establishes relationships and decision-making processes that build capacity for family and community engagement in the success of students		
<b>1. Exemplary</b>	<p>A wide variety of relationships and collaborative decision-making processes (e.g., business partnerships, school councils, parent or family organizations, academic and extra-curricular booster clubs, civic organizations, tutoring services, post-secondary partnerships) are pervasive in promoting student success and well being.</p> <p>Expectations for family and community engagement are embedded in the culture and result in stakeholders being actively involved in decision-making.</p>	
<b>2. Operational</b>	<p>Numerous relationships and decision-making processes (e.g., business partnerships, school councils, parent or family organizations, academic and extra-curricular booster clubs, civic organizations, tutoring services) effectively build capacity for family and community engagement in the success of students.</p>	✓
<b>3. Emerging</b>	<p>Limited relationships and decision-making processes have been initiated by the school to build capacity for family and community engagement.</p>	
<b>4. Not Evident</b>	<p>Relationships and decision-making processes for families and the community are non-existent, or those that do exist contribute minimally to student success.</p>	

Family and Community Engagement Standard 4 -Communicates academic expectations and current student achievement status to families		
<b>1. Exemplary</b>	<p>The school staff provides families with ongoing, detailed academic expectations and/or graduation status (e.g., four-year graduation plans, syllabi, academic advisement protocols).</p> <p>Extensive communication related to the current achievement level of individual students is provided (e.g., progress reports, student-led parent conferences, report cards, reading level reports, state test reports, school-based assessment reports, online reporting system).</p>	
<b>2. Operational</b>	<p>The school staff communicates academic expectations and/or graduation status (e.g., four-year graduation plans, syllabi, academic advisement protocols) throughout the year.</p> <p>Regular communication related to the current achievement level of individual students is provided (e.g., progress reports, parent conferences, report cards, reading level reports, state test reports, school-based assessment reports, online reporting system).</p>	✓
<b>3. Emerging</b>	<p>The school staff communicates some academic expectations at the start of the year.</p> <p>Some communication related to the current achievement level of individual students is provided.</p>	
<b>4. Not Evident</b>	<p>The school staff does little to inform families of academic expectations.</p> <p>Little, if any, communication related to the current achievement level of individual students is provided.</p>	

## Family and Community Engagement Data

<b>Family and Community Engagement Standard 5</b> -Develops the capacity of families to use support strategies at home that will enhance academic achievement		
<b>1. Exemplary</b>	The school continually develops the capacity (e.g., parent training, lunch and learn, make-it and take-it) of families to use support strategies at home that will enhance academic achievement.	
<b>2. Operational</b>	The school frequently develops the capacity (e.g., parent training, lunch and learn, make-it and take-it) of families to use support strategies at home that will enhance academic achievement.	✓
<b>3. Emerging</b>	The school occasionally develops the capacity of families to use support strategies at home that will enhance academic achievement.	
<b>4. Not Evident</b>	The school seldom, if ever, develops the capacity of families to use support strategies at home that will enhance academic achievement.	

<b>Family and Community Engagement Standard 6</b> -Connects families with agencies and resources in the community to meet the needs of students		
<b>1. Exemplary</b>	The school has a systematic process in place to connect families with an array of agencies and resources (e.g., Y-Clubs, after-school programs, health and counseling services, community service agencies, civic organizations, tutoring services) to meet the needs of students.	✓
<b>2. Operational</b>	The school regularly connects families to agencies and resources in the community (e.g., Y-Clubs, after-school programs, health and counseling services, community service agencies, civic organizations, tutoring services) to meet the needs of students.	
<b>3. Emerging</b>	The school sometimes connects families to agencies and resources in the community to meet the needs of students.	
<b>4. Not Evident</b>	The school does little to connect families with agencies and resources in the community to meet the needs of students.	

## 2. DATA COLLECTION ANALYSIS

### 2.5 Supportive Learning Environment

Analyze the LEA’s data (including sections 2.6) and answer the guiding questions to determine existing trends and patterns that support the identification of needs related to a supportive learning environment. Complete a data-informed self-rating for each Georgia School Performance Standard (GSPS). Student subgroups with a count of less than 15 are denoted by “TFS” (too few students). See the [Supportive Learning Environment webinar](#) for additional information and guidance.

#### Supportive Learning Environment Data

Instruction Standard 1 -Provides a supportive and well-managed environment conducive to learning		
1. Exemplary	A supportive and well-managed environment conducive to learning is evident throughout the school.  Students consistently stay on-task and take responsibility for their own actions.	✓
2. Operational	A supportive and well-managed environment conducive to learning is evident in most classrooms.	
3. Emerging	A supportive and well-managed environment conducive to learning is evident in some classrooms.	
4. Not Evident	A supportive and well-managed environment conducive to learning is evident in few, if any, classrooms.	

Instruction Standard 2 -Creates an academically challenging learning environment		
1. Exemplary	Nearly all teachers create an academically challenging, learning environment (e.g., higher-order thinking skills and processes, active student engagement, relevance, collaboration).  Students consistently work independently and in teams to solve real-world problems that require advanced effort, decision-making, and critical and creative thinking.	
2. Operational	Most teachers create an academically challenging, learning environment (e.g., higher-order thinking skills and processes, active student engagement, relevance, collaboration).	✓
3. Emerging	Some teachers create an academically challenging learning environment.	
4. Not Evident	Few, if any, teachers create an academically challenging learning environment.	

Supportive Learning Environment Data

<b>Instruction Standard 8</b> -Establishes a learning environment that empowers students to actively monitor their own progress		
<b>1. Exemplary</b>	Nearly all students use tools (e.g., rubrics, checklists, exemplars) to actively monitor their own progress.  Nearly all students develop a sense of personal responsibility and accountability by engaging in record keeping, self-monitoring, sharing, exhibiting, and self-reflection.	
<b>2. Operational</b>	Most students use tools (e.g., rubrics, checklists, exemplars) to actively monitor their own progress.	✓
<b>3. Emerging</b>	Some students use tools to actively monitor their own progress.	
<b>4. Not Evident</b>	Few, if any, students use tools to actively monitor their own progress.	

<b>School Culture Standard 1</b> -Develops, communicates, and implements rules, practices, and procedures to maintain a safe, orderly learning environment		
<b>1. Exemplary</b>	Rules, practices, and procedures that maintain a safe, orderly learning environment are proactively developed, communicated, and consistently implemented across the school.  These rules, practices, and procedures are continually monitored and revised as needed.	✓
<b>2. Operational</b>	Rules, practices, and procedures that maintain a safe, orderly learning environment are developed, communicated, and implemented.	
<b>3. Emerging</b>	Rules, practices, and procedures are developed and communicated but are ineffective or inconsistently implemented across the school.	
<b>4. Not Evident</b>	Rules, practices, and procedures that maintain a safe, orderly, learning environment are not developed nor updated or are poorly communicated.	

Supportive Learning Environment Data

<b>School Culture Standard 2</b> -Establishes a culture of trust and respect that promotes positive interactions and a sense of community		
<b>1. Exemplary</b>	<p>Extensive evidence (e.g., positive and respectful interactions, appreciation of diversity, tolerance, understanding) exists that a culture of trust and respect has been established.</p> <p>A pervasive commitment to promoting positive interactions and a sense of community is evident.</p>	✓
<b>2. Operational</b>	<p>Evidence (e.g., positive and respectful interactions, appreciation of diversity, tolerance, understanding) exists that a culture of trust and respect has been established.</p> <p>A sustained commitment to promoting positive interactions and a sense of community is evident.</p>	
<b>3. Emerging</b>	<p>Some evidence exists that a culture of trust and respect has been established.</p> <p>A limited commitment to promoting positive interactions and a sense of community is evident.</p>	
<b>4. Not Evident</b>	<p>Little or no evidence exists that a culture of trust and respect has been established.</p> <p>Unresolved conflicts interfere with a sense of community.</p>	

<b>School Culture Standard 3</b> -Establishes a culture that supports the college and career readiness of students		
<b>1. Exemplary</b>	<p>Extensive evidence (e.g., advisement, career counseling, transition coaching, high expectations) exists that the beliefs and practices of the school support the college and career readiness of students.</p> <p>The school culture supports addressing individual achievement needs and strengths to prepare students for success.</p>	✓
<b>2. Operational</b>	<p>Evidence (e.g., advisement, career counseling, transition coaching, high expectations) exists that the beliefs and practices of the school support the college and career readiness of students.</p>	
<b>3. Emerging</b>	<p>Some evidence exists that the school supports the college and career readiness of students.</p>	
<b>4. Not Evident</b>	<p>Little or no evidence exists that the school supports the college and career readiness of students.</p>	

Supportive Learning Environment Data

<b>School Culture Standard 4</b> -Supports the personal growth and development of students		
<b>1. Exemplary</b>	The school staff consistently provides a comprehensive system of support (e.g., counseling, mentoring, advisement, coaching, goal setting, time management, problem solving) to maximize the personal growth and development of nearly all students.	✓
<b>2. Operational</b>	The school staff regularly provides support (e.g., counseling, mentoring, advisement, coaching, goal setting, time management, problem solving) to enhance the personal growth and development of students.	
<b>3. Emerging</b>	The school staff sporadically supports the personal growth and development of students.	
<b>4. Not Evident</b>	The school staff does little to support the personal growth and development of students.	
<b>School Culture Standard 5</b> -Recognizes and celebrates achievements and accomplishments of students and staff		
<b>1. Exemplary</b>	The school community consistently recognizes and celebrates the achievements and accomplishments of students and staff.  The celebrations are publicized within the school and to the community and support the culture of the school.	✓
<b>2. Operational</b>	The school community regularly recognizes and celebrates the achievements and accomplishments of students and staff.	
<b>3. Emerging</b>	The school community periodically recognizes or celebrates the achievements or accomplishments of students and/or staff.	
<b>4. Not Evident</b>	The school community rarely, if ever, recognizes or celebrates the achievements or accomplishments of students or staff.	

Supportive Learning Environment Data

<b>Planning and Organization Standard 1</b> -Shares a common vision and mission that define the school culture and guide the continuous improvement process		
<b>1. Exemplary</b>	<p>A common vision and mission have been collaboratively developed and communicated to nearly all stakeholders.</p> <p>The culture of the school has been deeply defined over time by the vision and mission, which are updated as needed.</p> <p>The daily work and practices of staff consistently demonstrate a sustained commitment to continuous improvement.</p>	
<b>2. Operational</b>	<p>A common vision and mission have been developed through a collaborative process and communicated to most stakeholders.</p> <p>The vision and mission define the culture of the school and guide the continuous improvement process.</p>	✓
<b>3. Emerging</b>	<p>A common vision and mission have been developed by some staff members but have not been effectively communicated so that they guide the continuous improvement process.</p>	
<b>4. Not Evident</b>	<p>A common vision and mission have not been developed or updated or have been developed by a few staff members.</p>	

## 2. DATA COLLECTION ANALYSIS

### 2.6 Data Analysis Questions

Analyze the LEA’s data and answer the guiding questions to determine existing trends and patterns that support the identification of demographic and financial needs. Student subgroups with a count of less than 15 are denoted by “TFS” (too few students).

<p><b>What perception data did you use?</b> [examples: student perceptions about school climate issues (health survey, violence, prejudice, blying, etc.); student/parent perceptions about the effectiveness of programs or interventions; student understanding of relationship of school to career or has an academic plan]</p>	<p>Discipline Summary Data PBIS DATA- SWIS School Climate Surveys Parent Surveys</p>
--	--

<p><b>What does the perception data tell you?</b> (perception data can describe people’s knowledge, attitudes, beliefs, perceptions, competencies; perception data can also answer the question “What do people think they know, believe, or can do?”)</p>	<p>Whitewater Middle School prides itself on the 5 star climate rating that it continually receives. However, within the data points, there are some areas where we would like to focus. For example, the percentage of students who like school has decreased from 79% in 2018 to 72% 2021. Additionally, the data shows students are feeling less connected to others at school, and they feel like they are not fitting in at school (5% drop in each of these areas over the last four years). However, the students at WMS do feel like there are high standards for achievement (93%), and 95% of the students who were surveyed know what to do in the case of an emergency.</p>

<p><b>What process data did you use?</b> (examples: student participation in school activities, sports, clubs, arts; student participation in special programs such as peer mediation, counseling, skills conferences; parent/student participation in events such as college information meetings and parent workshops)</p>	<p>Our students show an enthusiastic attitude about participation in school activities such as athletics and clubs. As a result of the COVID-19 pandemic, our students were limited in the number of clubs they could participate in. Additionally, it is becoming more difficult for students to participate in clubs and extra-curricular activities because of transportation, so we are going to implement Club Day at regular intervals this year. Doing so will allow our students an opportunity to participate in activities even if transportation is a concern. Additionally, this will allow us to increase our club offerings. Our school counselors teach classroom guidance lessons on a regular basis. Additionally, students are able to speak with our counselors on an individual basis, as needed. Furthermore, we offer transitional support to our rising 6th grade students, and we assist Whitewater High School with their transition program for the rising 9th grade students.</p> <p>At this time, there is no data to support the number of students involved in clubs/athletics. This will be a focus for this year. While there are not concrete numbers on how many students are taking advantage of counselor support, anecdotally, the counselors are engaging in continual individual support for</p>

	our students.
--	---------------

<p>What does the process data tell you? (process data describes the way programs are conducted; provides evidence of participant involvement in programs; answers the question “What did you do for whom?”)</p>	<p>Students mental health and wellbeing are a concern, as evidenced by the amount of time our school counselors are engaging with our students in individual counseling sessions.</p>

<b>What demographic data did you use?</b>	We looked at demographic data including subgroups such as Students with Disabilities (SWD), students with a Section 504 plan, and our subgroup populations of African American, Hispanic, and Economically Disadvantaged.
---	---

<b>What does the demographic data tell you?</b>	The data tells us that a significant majority of our students with disabilities are struggling to meet grade level expectations on our state assessments. Our African American population, our Hispanic population, and our Economically Disadvantaged population are all scoring lower than our school averages, with more students scoring in the developing learner range and fewer students scoring in the distinguished learner range.

### 3. NEEDS IDENTIFICATION AND ROOT CAUSE ANALYSIS

#### 3.1 Strengths and Challenges Based on Trends and Patterns

Read the trends and patterns summaries from each section of the data analysis process. Use the information in these summaries to complete 3.2 and 3.3. Using the summaries in 3.1 and other local data, describe the strengths and challenges or answer the guiding questions for each program. Include strengths and challenges related to: a) general program implementation, and b) students and adults involved in or affected by the program. Focus on strengths and challenges that will assist in the identification of needs during 3.2. Watch the [Identifying Need webinar](#) for additional information and guidance.

##### Strengths and Challenges Based on Trends and Patterns

<p><b>Coherent Instructional:</b> Summarize the coherent instructional system trends and patterns observed by the team while completing this section of the report. What are the important trends and patterns that will support the identification of student, teacher, and leader needs?</p>	<p>We increased our rating for Instruction Standard 1 - Provides a supportive and well-managed environment conducive to learning, and we decreased our rating of Instruction Standard 2 - Creates an academically challenging learning environment, Instruction Standard 3 - Establishes and communicates learn learning targets and success critical aligned to curriculum standards, Instruction Standard 7 - Provides feedback to students on their performance on the standards or learning targets, Assessment Standard 1 - Aligns assessments with the required curriculum standards, Assessment Standard 3 - Uses common assessments aligned with the required standards to monitor student progress, inform instruction, and improve teacher practices, and Assessment Standard 4 - Implements a process to collaboratively analyze assessment results to adjust instruction.</p> <p>The trends and patterns that will support the identification of student, teacher, and leader needs are as follows: more time is necessary to allow teachers to analyze data from common assessments. As a result, PLC time will be held sacred, and teachers will have dedicated, uninterrupted time to discuss planning, assessment, and data. The administration will provide support for teachers.</p>
--	--

<p><b>Effective Leadership:</b> Summarize the effective leadership trends and patterns observed by the team while completing this section of the report. What are the important trends and patterns that will support the identification of student, teacher, and leader needs?</p>	<p>During our discussion, we decreased our rating in the following areas: Leadership Standard 4 - Uses processes to systematically analyze data to improve student achievement, Leadership Standard 6 - Establishes and supports a data driven school leadership team that is focused on student learning, Leadership Standard 7 - Monitors and evaluates the performance of teachers and other staff using multiple data sources, Planning and Organization Standard 2 - Uses a data-driven and consensus-oriented process to develop and implement a school improvement plan that is focused on student performance, and Planning and Organization Standard 3 - Monitors implementation of the school improvement plan and makes adjustments.</p> <p>There is going to be an intentional focus on digging into our data and looking at the school improvement plan on a quarterly basis. We are going to emphasize discussion of assessment data, and we are regularly going to monitor our plan.</p>
---	---

## Strengths and Challenges Based on Trends and Patterns

<p><b>Professional Capacity:</b> Summarize the professional capacity trends and patterns observed by the team while completing this section of the report. What are the important trends and patterns that will support the identification of student, teacher, and leader needs?</p>	<p>We decreased our rating in Professional Learning Standard 1 - Aligns professional learning with needs identified through analysis of a variety of data, Professional Learning Standard 2 - Establishes a culture of collaboration among administrators and staff to enhance individual and collective performance, Professional Learning Standard 3 - Defines expectations for implementing professional learning, Professional Learning Standard 4 - Uses multiple professional learning designs to support the various learning needs of the staff, and Professional Learning Standard 6 - Monitors and evaluates the impact of professional learning on staff practices and student learning. Throughout this year, we will collect data prior to and after professional learning sessions to gauge the impact.</p>
<p><b>Family and Community Engagement:</b> Summarize the family and community engagement trends and patterns observed by the team while completing this section of the report. What are the important trends and patterns that will support the identification of student, teacher, and leader needs?</p>	<p>We did not change any of our ratings in this area. Families have many opportunities to engage at Whitewater Middle School. Our PTO and School Council are very active. We meet once a month with our PTO and quarterly with the council. PTO has numerous committees with varying levels of activities including a parent volunteer group to help in the office and the media center. Our band booster program is also an opportunity where parents are very active. We seek to include community members to speak to our students, staff, and parents, including Judge Jason Thompson.</p>
<p><b>Supportive Learning Environment:</b> Summarize the supportive learning environment trends and patterns observed by the team while completing this section of the report. What are the important trends and patterns that will support the identification of student, teacher, and leader needs?</p>	<p>We increased our rating for Planning and Organization Standard 1 - Shares a common vision and mission that define the school culture and guide the continuous improvement status, and we decreased our rating for Instruction Standard 2 - Creates an academically challenging learning environment. Our teachers and our school counselors do an exceptional job in supporting the emotional needs of our students.</p>
<p><b>Demographic and Financial:</b> Summarize the demographic and financial trends and patterns observed by the team while completing this section of the report. What are the important trends and patterns that will support the identification of student, teacher, and leader needs?</p>	<p>WMS has seen an increase of students needing additional supports. Our ECS population has increased as has the number of students requiring 504 plans. Additionally, we have had an increase in the number of students who are considered Economically Disadvantaged.</p>

## Strengths and Challenges Based on Trends and Patterns

<b>Student Achievement:</b> Summarize the student achievement trends and patterns observed by the team while completing this section of the report. What are the important trends and patterns that will support the identification of student, teacher, and leader needs?	As a result of the COVID-19 pandemic, we have seen student achievement decline. Having shut down school for the last three months of the 2019-2020 school year and having interrupted schooling during the 2020-2021 school year, many students lost ground. Additionally, approximately 1/3 of our students chose to learn virtually during the 2020-2021 school year, and the vast majority of those students did not participate in the state mandated assessments, so we really do not have valid and reliable data on the performance of these students. Going forward, it will be critical that our teachers work to gather baseline data on these students and engage these students in effective classroom instruction.

IDEA – Special Education, Economically Disadvantaged Children, and English Learners.

Using the summaries in 3.1 and other local data, describe the strengths and challenges or answer the guiding questions for each program. Include strengths and challenges related to: a) general program implementation, and b) students and adults involved in or affected by the program. Focus on strengths and challenges that will assist in the identification of needs during 3.3. Watch the [Identifying Need webinar](#) for additional information and guidance.

<b>Strengths</b>	Our ECS and Economically Disadvantaged populations are increasing, as are the number of students requiring a 504 plan. However, the staff at WMS has continued to strive for excellence in providing services for these students. Once a month academic team teachers, administrators, and counselors meet to discuss student progress and seek ways to improve mastery. Students are placed in subject specific literacy classes to address their individual needs. Interventions are determined and administered based on frequent assessments, universal screeners and progress monitoring. Students are tiered and monitored based on that data.
------------------	--

<b>Challenges</b>	It is often a challenge for our ECS teachers to find time to plan with our academic team teachers. Furthermore, our teachers need to adopt the idea that students, particularly those with disabilities are "our students" and not "their students." Our ECS teachers need to have refresher training in specialized instructional methods and they need to implement the programs with fidelity. Furthermore, we need to find time for our students who are participating in resource classes to participate in the regular instructional segments, as much as possible, to receive quality Tier 1 instructional strategies and an exposure to grade level standards.

### 3. NEEDS IDENTIFICATION AND ROOT CAUSE ANALYSIS

#### 3.2 Identification and Prioritization of Overarching Needs

Use the results of 3.1 to identify the overarching needs of the LEA. Determine the priority order of the identified needs based on data, team member and stakeholder knowledge, and answers to questions in the table below. Be sure to address the major program challenges identified in 3.1. Watch the [Identifying Need webinar](#) for additional information and guidance.

**Overarching Need # 1**

Overarching Need	With approximately 25% of our students reading below grade level as measured by Reading Inventory and between 12 and 20% of our students reading below grade level as measured by the Georgia Milestones Assessment, we need a clear focus on literacy.
How severe is the need?	High
Is the need trending better or worse over time?	No Change
Can Root Causes be Identified?	Yes
Priority Order	3

Additional Considerations	
---------------------------	--

**Overarching Need # 2**

Overarching Need	With approximately 25% of our students not meeting expectations on the STAR math assessment and between 36% and 53% of our students scoring in the beginning/developing range as measured by the Georgia Milestones Assessment, we need a clear focus on mathematics instruction, particularly in Grade 6.
How severe is the need?	High
Is the need trending better or worse over time?	Worse
Can Root Causes be Identified?	Yes
Priority Order	2

Additional Considerations	
---------------------------	--

Overarching Need # 3

Overarching Need	Our comprehensive needs assessment has shown that data analysis of common formative and summative assessments is a weakness. Additionally, the results on the Georgia Milestones Assessment has shown that we need a stronger emphasis on analyzing data, PLC implementation, and a clear, consistent focus on the instructional framework.
How severe is the need?	High
Is the need trending better or worse over time?	Unknown
Can Root Causes be Identified?	Yes
Priority Order	1

Additional Considerations	
---------------------------	--

### 3. NEEDS IDENTIFICATION AND ROOT CAUSE ANALYSIS

#### 3.3 Root Cause Analysis

Select the top 2-4 overarching needs from 3.2. Conduct a separate root cause analysis (RCA) for each need. Any RCA tools and resources can be used, but suggestions are available as part of the [Identifying Need webinar](#). After describing the RCA process, complete a table for each selected overarching need.

**Overarching Need - With approximately 25% of our students reading below grade level as measured by Reading Inventory and between 12 and 20% of our students reading below grade level as measured by the Georgia Milestones Assessment, we need a clear focus on literacy.**

Root Cause # 1

Root Causes to be Addressed	Effective T1 strategies, reassessment, focused time spent on data analysis
This is a root cause and not a contributing cause or symptom	Yes
This is something we can affect	Yes
Impacted Programs	IDEA - Special Education School and District Effectiveness Title I - Part A - Improving Academic Achievement of Disadvantaged Title II, Part A, Preparing, Training and Recruiting High-Quality Teachers, Principals and other School Leaders Title III - Language Instruction for English Learners and Immigrant Students

Additional Responses

## 2. SCHOOL IMPROVEMENT GOALS

### 2.1 Overarching Need # 1

#### Overarching Need

Overarching Need as identified in CNA Section 3.2	With approximately 25% of our students reading below grade level as measured by Reading Inventory and between 12 and 20% of our students reading below grade level as measured by the Georgia Milestones Assessment, we need a clear focus on literacy.
Root Cause # 1	Effective T1 strategies, reassessment, focused time spent on data analysis
Goal	We will increase the percentage of students reading at or above the grade level Lexile as measured by the RI assessment to 90% and we will increase the number of students scoring at a proficient or distinguished level as measured by the Georgia Milestone Assessment by at least 5% in each grade level.

#### Action Step # 1

Action Step	Through the use of the implementation of Vocabulary Workshop (training to come from Dr. Rhodes), Lexia, Read 180, content area literacy reading, and the literacy instructional block, teachers will learn strategies to become more effective at increasing student Lexile levels.
Funding Sources	Consolidated Funding
Subgroups	Economically Disadvantaged Foster Homeless English Learners Migrant Race / Ethnicity / Minority Student with Disabilities N/A
Systems	Coherent Instruction Effective Leadership Professional Capacity Supportive Learning Environment
Method for Monitoring Implementation and Effectiveness	Data collection; walkthrough data
Position/Role Responsible	Teachers/School Administration
Timeline for Implementation	Weekly

Action Step # 1

<p>What partnerships, if any, with IHEs, business, Non-Profits, Community based organizations, or any private entity with a demonstrated record of success is the LEA implementing in carrying out this action step(s)?</p>

2. SCHOOL IMPROVEMENT GOALS

2.2 Overarching Need # 2

Overarching Need

Overarching Need as identified in CNA Section 3.2	With approximately 25% of our students not meeting expectations on the STAR math assessment and between 36% and 53% of our students scoring in the beginning/developing range as measured by the Georgia Milestones Assessment, we need a clear focus on mathematics instruction, particularly in Grade 6.
Root Cause # 1	Effective T1 strategies, reassessment, focused time spent on data analysis
Goal	We will increase the percentage of students scoring at or above grade level as measured by the STAR assessment to 85% and we will increase the number of students scoring at a proficient or distinguished learner as measured by the Georgia Milestone Assessment by at least 5% in each grade level.

Action Step # 1

Action Step	Through support from the county mathematics department, teachers will engage in weekly planning sessions to support learning by effectively using the county scope and sequence, the standards, reassessment strategies, etc.
Funding Sources	Consolidated Funding
Subgroups	Economically Disadvantaged Foster Homeless English Learners Migrant Race / Ethnicity / Minority Student with Disabilities N/A
Systems	Coherent Instruction Effective Leadership Professional Capacity Supportive Learning Environment
Method for Monitoring Implementation and Effectiveness	Walkthrough, data collection, formative and summative assessment data

## 2. SCHOOL IMPROVEMENT GOALS

### 2.3 Overarching Need # 3

#### Overarching Need

Overarching Need as identified in CNA Section 3.2	Our comprehensive needs assessment has shown that data analysis of common formative and summative assessments is a weakness. Additionally, the results on the Georgia Milestones Assessment has shown that we need a stronger emphasis on analyzing data, PLC implementation, and a clear, consistent focus on the instructional framework.
Root Cause # 1	Lack of focus on implementation of the instructional framework, Lack of focus on effective PLC's with data analysis; lack of coherent, focused training in Achievement level descriptors, thorough understanding of the standards
Goal	We will have 100% implementation in the use of the Instructional Framework to include implementation of the opening, transition to the work session, the work session, and the closing with fidelity. Through training on the Instructional Framework, we will imbed the need for effective T1 instructional practices, data analysis of common formative and summative assessments, using the standards and achievement level descriptors, and the importance of effective, engaging lessons.

#### Action Step # 1

Action Step	Monthly professional learning will take place to ensure fidelity to the instructional framework.

### 3. REQUIRED QUESTIONS

#### 3.1 Stakeholders, Serving Children, PQ

Required Questions

<p><b>1 In developing this plan, briefly describe how the school sought advice from individuals (teachers, staff, other school leaders, paraprofessionals, specialized instructional support personnel, parents, community partners, and other stakeholders) was accomplished.</b></p>	<p>Subject Area departments meet once a month, grade level departments meet once a week with input from the county coordinator. Teachers collaborate and plan on a weekly basis and create consistent assessments. Using these assessments and the day to day knowledge and mastery of their students, they pace the next units of study.</p> <p>We have one parent that was chosen to serve on the Superintendent's Round table committee that meets regularly to discuss county-wide concerns and to offer input specifically related to Whitewater Middle.</p> <p>We have a parent representative that is part of our Positive Behavior Intervention team.</p> <p>Our Parent volunteers are a great asset to our operation of the front office and the media center.</p> <p>Our PTO is very active, meeting once a month . All Parents and staff are free to join us to provide insight into the accomplishments and needs of Whitewater Middle.</p> <p>Our school Council meet quarterly, comprised of elected parents and teachers and selected community partners.</p> <p>Our Partners in Education also support our operation and vision for Whitewater Middle School.</p>
<p><b>2 Describe how the school will ensure that low-income and minority children enrolled in the Title I school are not served at disproportionate rates by ineffective, out-of-field, or inexperienced teachers.</b></p>	<p>We are not a Title I School, but we openly discuss the equity practices and identification of all students, specifically those in a lower socioeconomic need. 99% of our teachers are highly qualified in their field according to the GAPSC.</p>
<p><b>3 Provide a general description of the Title I instructional program being implemented at this Title I School. Specifically define the subject areas to be addressed and the instructional strategies/methodologies to be employed to address the identified needs of the most academically at-risk students in the school. Please include services to be provided for students living in local institutions for neglected or delinquent children (if applicable).</b></p>	<p>We are not a Title I School</p>

<p>4 If applicable, provide a description of how teachers, in constation with parents, administrators, and pupil services personnel, will identify eligible children most in need of services in Title I targeted assistance schools/programs. Please include a description of how the school will develop and implement mtiple (a minimum of 2) objective, academic-based performance criteria to rank students for service. Also include a description of the measurable scale (point system) that uses the objective criteria to rank all students.</p>	<p>Not Applicable</p>
--	-----------------------

### 3. REQUIRED QUESTIONS

#### 3.2 PQ, Federally Identified Schools, CTAE, Discipline

Required Questions

<p>5 If applicable, describe how the school will support, coordinate, and integrate services with early childhood programs at the school level, including strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.</p>	<p>Not Applicable</p>
<p>6 If applicable, describe how the school will implement strategies to facilitate effective transitions for students from middle grades to high school and from high school to postsecondary education including: Coordination with institutions of higher education, employers, and local partners; and Increased student access to early college, high school, or dual or concurrent enrollment opportunities or career counseling to identify student interest and skills.</p>	<p>Our Guidance Counselors teach classroom guidance classes including the career surveys to enlighten the students in areas of potential careers for their future. The counselors and administrators from Whitewater High School come over and orient the students in the opportunities that are available at the high school. A student assembly and tour of the high school is conducted in the spring. The high school also provides a parent night prior to registering for classes.</p>
<p>7 Describe how the school will support efforts to reduce the overuse of discipline practices that remove students from the classroom, specifically addressing the effects on all subgroups of students.</p>	<p>Our Positive Behavior Intervention program promotes the positive climate and acknowledgement of appropriate behaviors, teaching students how to behave and the expected behaviors in every setting. We reward students on team and provide ongoing celebrations for team building and relationship bonding with the entire staff and students. Secondly, we analyze all data once a month in our PBIS meetings. We are able to use our SWISS data to breakdown the information by grade level, gender, occasion , and time of day. We are constantly seeking collaboration and communication of our large group to brainstorm and to implement a plan to prevent the behavior before it occurs. Our discipline incidents, prior to the Pandemic break were significantly lower. We also collaborate on our discipline decisions. We always strive to be very consistent with our consequences. We use credit recovery practices if a student is removed from the class and our teachers tutor as necessary students during their planning time that are in ISS as needed.</p>

ADDITIONAL RESPONSES

<p><b>8 Use the space below to provide additional narrative regarding the school's improvement plan</b></p>	<p>We have always been highly focused on the Social Emotional Learning aspect of education. The school climate is critically important to put the positive environment in place for students to feel safe, valued, and be part of the "team". More than ever this year starting, we must highly focus on this aspect of education and human worth!</p>
