Dreambox for Parents: Fayette County K-8 Math

http://goo.gl/2ceQRA
Dreambox adapts to the individual learner:
A continuous formative assessment in and between lessons, analyzes over 48,000 data points per student, per hour to provide the right next lesson at the right time.

Dreambox personalizes instruction:
Strategically increases the learning velocity of struggling students, advanced students, and on-level students.
What is dreambox and how do I get to it?

An interactive platform based on math strategies to allow students access to math content in an individualized environment.

Login

Students will log in through clever.com/in/fcboe

All should see a similar menu in the upper left toolbar.
What will students experience?

Different environments for K-2, 3-5 and 6-8, age appropriate

No diagnostic assessment, but will adjust content as they work within the tool.

Encourage child to “Get in and play”

Let your child explore

The engine on the back side is adaptive to child performance.

Anticipated use for “tech” rotation, intervention time, and home use
