“Where Excellence Counts”

Dear Parent:

A field trip to _____ has been planned for _____ (date) by your child’s teacher. Field trips are educational in nature, and are approved by the Fayette County Board of Education. Participation is voluntary. If you choose for your child not to participate, his/her grades will not be affected, and a regular instructional day will be scheduled.

The field trip is available to all students. A donation of \$_____ will cover the cost of all expenses. If you are not able or for any reasons do not choose to donate, your child will not be penalized. However, if sufficient funds are not collected, the trip will be canceled. In the event that your child is unable to attend due to sickness, or behavioral (discipline) issues, and funds have been prepaid, these funds cannot be refunded.

The State Department of Education allows students to be counted present for up to ten (10) non-instructional (pep rallies, school pictures, field trips, etc.) days per year. Field trips may be instructional in some classes and not in others. (Example: Math field trips will be non-instructional in the English class.) Please help us monitor your child’s field trips. Any student exceeding the ten (10) non-instructional days will be counted absent for the additional days.

If you have any questions concerning this field trip, please contact your child’s school.

Sincerely,

Principal

I give permission for my child _____ to attend the above field trip.

I understand that any field trip scheduled for my child could be canceled by the Fayette County Board of Education due to a variety of reasons. These reasons could include but are not limited to: inclement weather, state or national emergencies, or exorbitant fuel costs. I understand that only the monies refunded to the School System would be refunded to me.

I agree not to hold the Fayette County Board of Education responsible should the field trip have to be canceled and funds not refunded.
