**NEW TO THE EAGLES NEST!**

Hello! I am Sherri Dickinson, one of the Bridges Program teachers. I teach Social Studies to the 6th - 8th graders and Reading and ELA to the 6th and 7th. I have been involved in Special Education for the past 20 years. I've worked across grade levels and across the county. I am originally from Wisconsin, but I have lived in many different places before settling down in Georgia 16 years ago. I served 10 years as an Army Officer after college. That is when I met my husband of 35 years, Thomas. We have two amazing young men, Justin and Drew. I truly appreciate the warm welcome my students and team have received here at Flat Rock.

Hi Eagles!! I’m Catherine Oliveri and I am new to the Flat Rock Middle School 6th Grade Science team. I am also new to Georgia. My family moved from Virginia back in June. This is my 10th year in education. I have taught elementary school and middle school. I have my Bachelors Degree in Liberal Studies with a concentration in Education from Longwood University in Virginia. When I am not at school, I am spending time with my husband, Dominick, and our two kids Evie (4) and Joey (2). I am excited to be a part of the Flat Rock team this year!
SCIENCE IS OUR SUPERPOWER!

Students on Team 8C Science were challenged to use the Engineering Design Process to create a structure made out of only 1 index card and 6 inches of masking tape that could support a Science textbook off the table. This team’s structure ended up supporting a whopping 22 books with a mass of 13692.8 grams which equals 30 pounds! This team’s design remained undefeated for all classes!

Fall Picture Day will take place on Wednesday, August 17th. Package prices and methods to pay have been sent home with students earlier this week. Please use Picture Day ID: F117 for purchases online.
