

We are so very glad to have you in the building! Here is how it works:

- ❖ Parents will eat on the stage with their students **only** (no friends or guests).
- ❖ Parents can bring outside food for themselves and their students only.
- ❖ Parents may have lunch with their students only during their designated lunch time. *If you have multiple students who do not share a common lunch time, they will not be pulled from instructional time to have lunch with their siblings.*
- ❖ If there is an overflow of guests, we will get creative with lunch locations.
