The Importance of Goals

Research has shown that the simple act of writing a goal greatly increases the chances of accomplishing the goal. If the goal is broken down into action steps and the action steps are tracked, goals have an even greater percentage of success.

At school, your child may write his or her academic and personal goals in a Leadership Notebook. You will gain a lot of information on how your child is doing if you ask your child to tell you about his or her goals. The goals chosen are meaningful to your child so be sure to practice Habit 5: Seek First to Understand, Then to Be Understood.

The Leadership Notebook idea can also be used in your home. Create goals such as reading together, eating dinner at the table, or doing an activity together. Involve everyone in the family in choosing a meaningful goal and action steps. Post the goal and the action steps in a visible place and be sure to track and celebrate progress!
